## FOREWORD

WE HAVE sought to make the merits of this volume commensurate with the advancing standards of the high school which it represents. How well we have succeeded is for other minds to judge. Although our work will not be found faultless, we send it out in the hope that it will be a source of genuine enjoyment to the students, alumni and friends of the Hershey High School, perpetuating pleasant memories to her former students, and inspiring others with a truer zeal for her continued prosperity.

*With loving kindness we dedicate  
this book to*

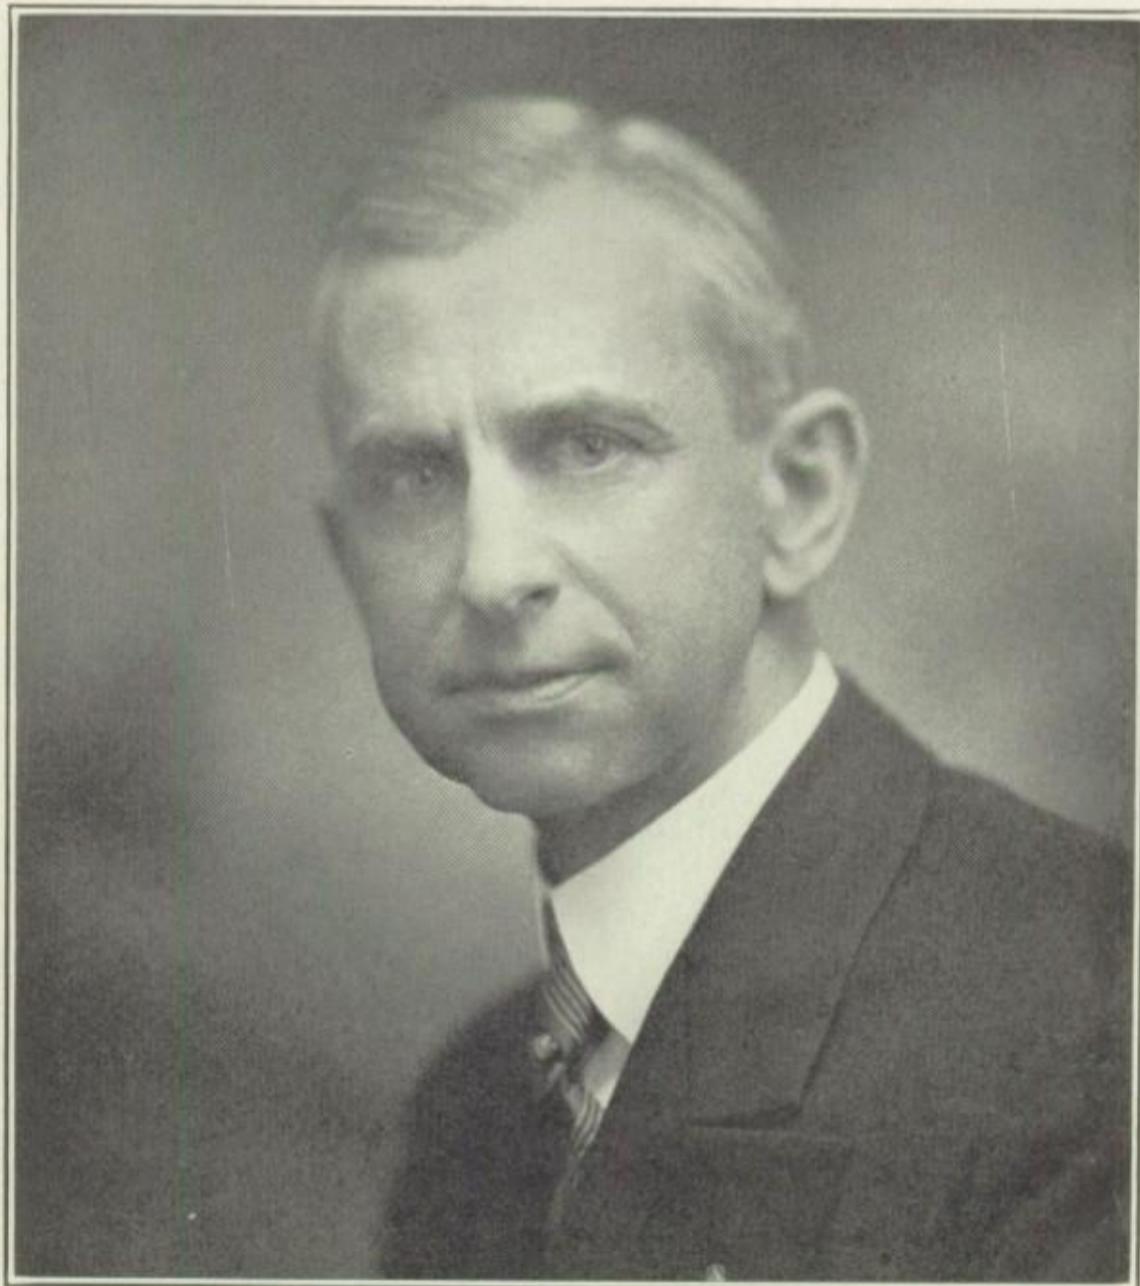

PROF. A. M. HINKEL

**A** TRUE teacher whose life and work are an inspiration to pupils and teachers alike.

**C** Through his years of service in our schools, he has devoted himself unwaveringly to our highest interests so that we may face life in the bravest way possible and build the womanhood and manhood of our tomorrow for the long vista of the coming years.

To  
MISS MARY E. CLEMENS, A. B.

A PROGRESSIVE leader in the Hershey High School, who always labors to make the pathways of learning bright and happy, we express our sincere gratitude. Her ceaseless and untiring efforts have brought the publication of the 1928 CHOCLATIER to a paramount success.

## *Our Former Class Advisor*

REV. JOSEPH R. MACDONALD, A. B.

THE Class first met Rev. MacDonald in the eighth grade Civics Class. Since then we have come not only to know him, but also to love and to admire him. Here is one with the qualities of a leader and a man. He was the shepherd of the Class of 1928 for four years, during which time he held the honor and respect of every member. It was with a feeling of deep regret that our relations were severed in the first semester of our Senior year when his services were transferred to another field. We shall always cherish fond memories of our former Class Advisor.

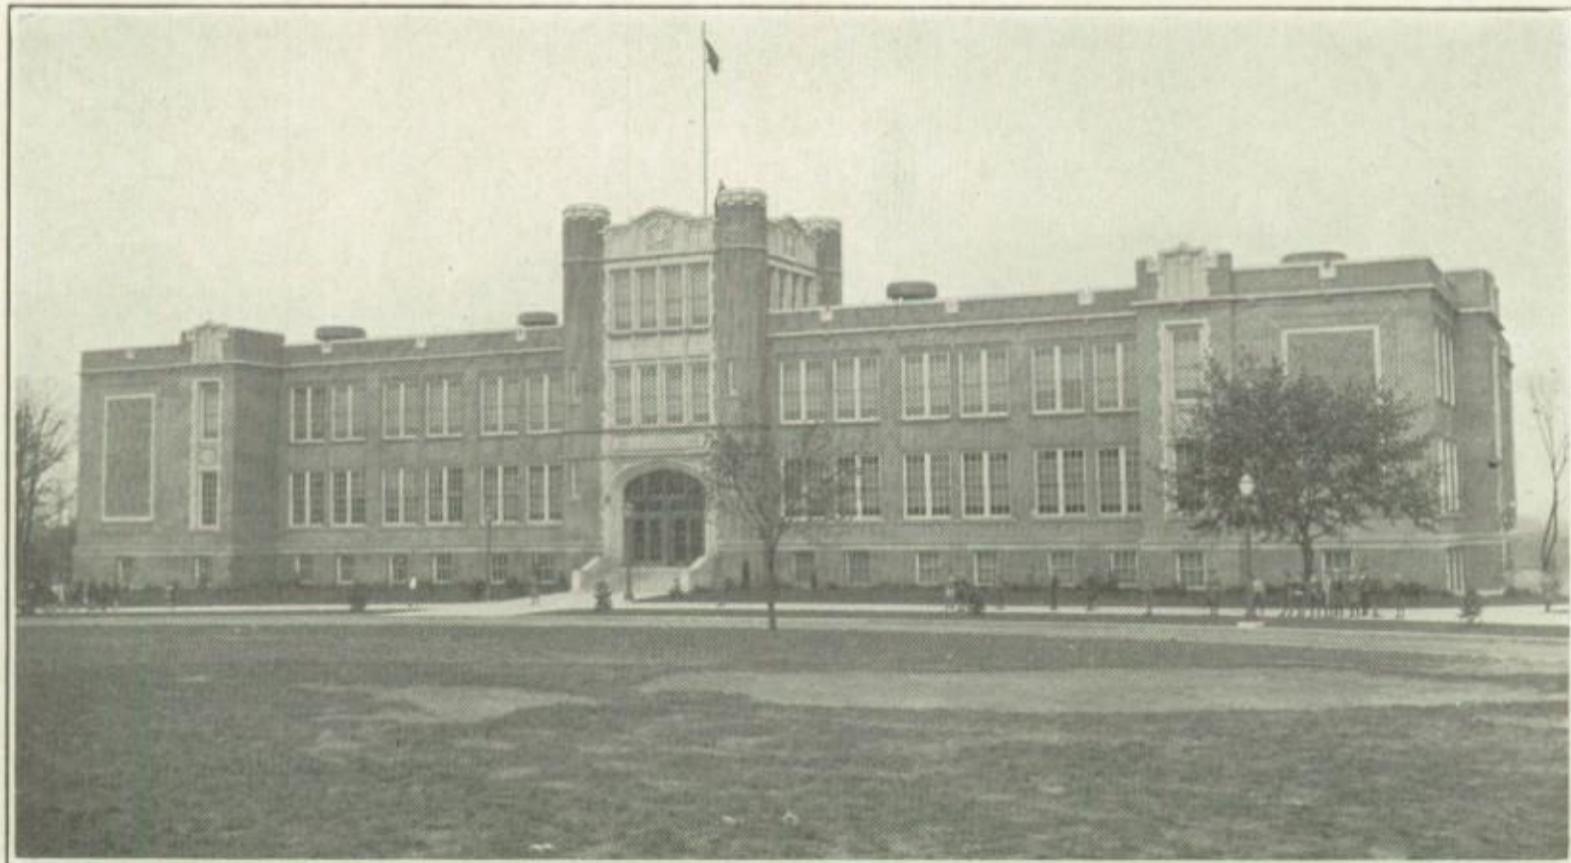

## *Our Present Class Advisor*

THEO O. McCACKEN, LITT. B.

FATE plans that "One good event follows another" and so sent Mr. McCracken when Mr. MacDonald left us. Mr. McCracken, as advisor of our class, has skilfully aided in piloting us through a most successful year. He has also greatly helped in coaching our debating teams and has taken a vital interest in the Forensic Club. The class of 1928 leave with you their sincere gratitude for the time and services you have given us.

# The CHOCLATIER

## Alma Mater

LET us tune our hearts and voices  
Every care defy;  
Let us sing with one accord  
Our praise to Hershey High.

When in dust these walls are laid  
And Time on wings shall fly,  
Another throng shall breathe our song  
In praise of Hershey High.

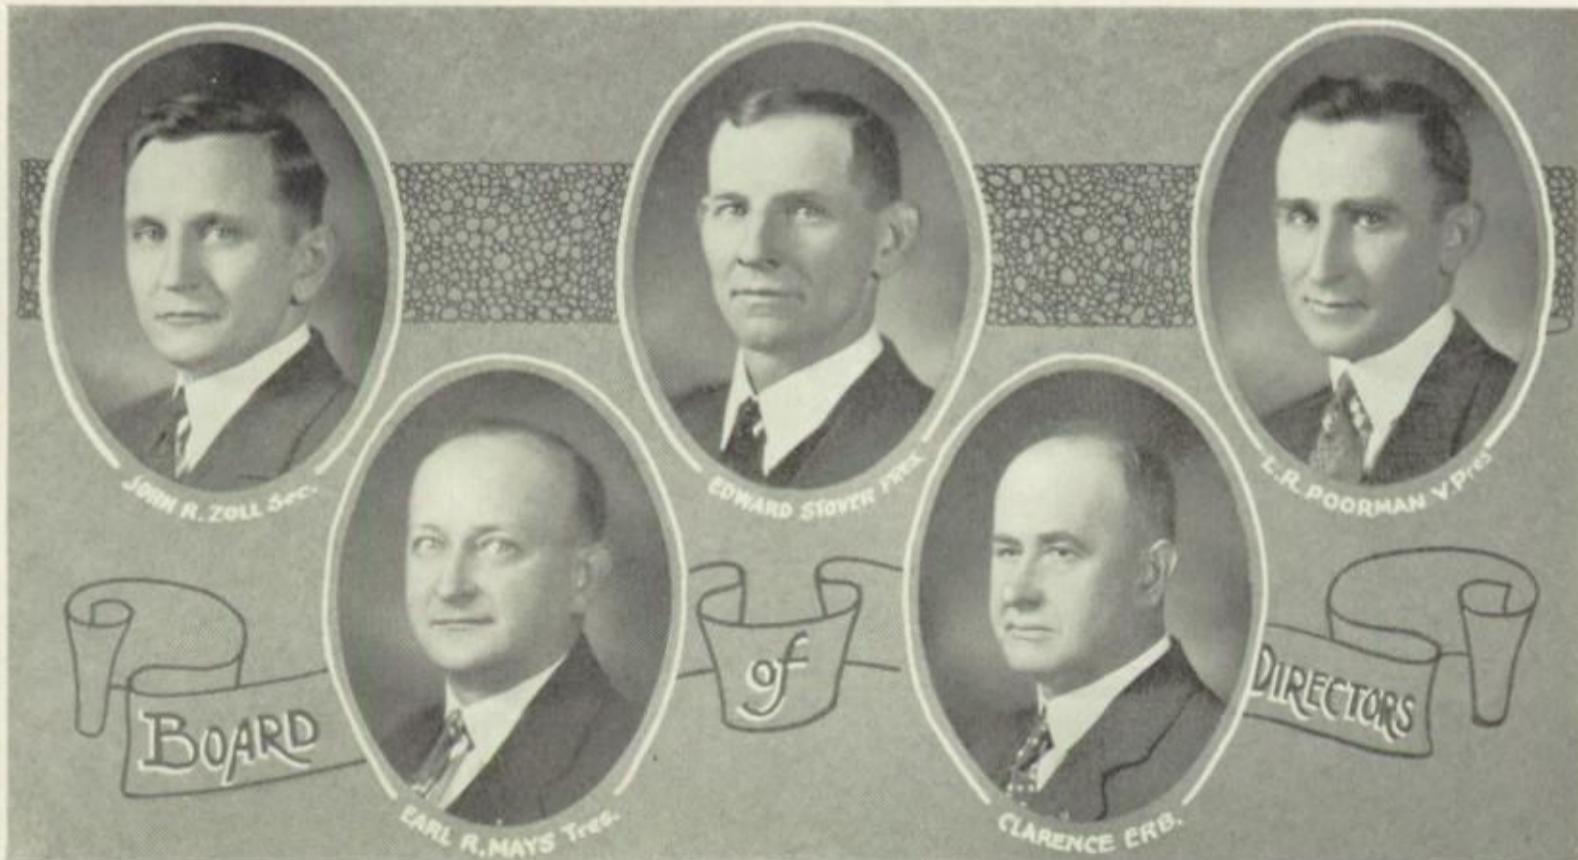

Then with joy our songs we'll bring  
Swelling to the sky;  
We'll all unite to shout and sing—  
Long life to Hershey High.

### CHORUS

Lift the chorus—Speed it onward  
Over hill and dale;  
Hail to thee our Alma Mater;  
Hershey High, all Hail.

## The Board of Education

UPON the completion of twelve years of training in the public schools, the Class of 1928 wishes to extend its thanks and appreciation to the Board of Education—that body of loyal, public-spirited citizens, which has made our education possible.

When we realize the efficiency with which you operate such an intricate system of schools with such limited funds; when we take into consideration the criticisms to which you are exposed by those who are not familiar with school conditions; when we think of the unselfish services that you render without financial remuneration or even thanks; we can harbor nothing but deep feelings of gratitude and appreciation for your services. Our best wishes for success and years of continued usefulness go with you.

## Our Teachers

To you, our faithful teachers,  
Whose time has been our own,  
A tribute we would offer,  
For worth that's widely known.

Your high ideals and friendship,  
Your book lore, and your smile,  
Your kind advice and interest  
Makes gratitude worth while.

So may your noble actions,  
Enrich our lives for aye,  
Inspiring us to service,  
As you have served each day.

This, then, shall be our tribute,  
As on through life we go,  
The ideals you have taught us,  
We'll teach where e'er we go.

## Class Poem

TIME so swiftly glides away,  
As day after day flits by,  
So few our years here spent now seem,  
'Tis hard to say goodbye.  
But though those happy hours are gone,  
And though we soon must part;  
Yet fond their memories will remain,  
And added strength each year will gain,  
In every heart.

We never fully can repay,  
The values here we've gained,  
But if we use them wisely  
Our hopes will not have been in vain.  
And if our talents for service we've used,  
Another's cares to beguile,  
If we have aided a needy friend,  
A helping hand to others lend,  
Life's been worth while.

So now perforce we bid farewell,  
And cast our books aside,—  
For what great duties who can tell  
In an open world and wide?  
Yet where'er our ambitions may lead  
And whatever may be our meed,  
We'll ne'er forget, though years may fly,  
Those happy scenes of days gone by  
In the halls of Hershey Hi.

## Class History

### BOOK OF FRESHMEN

*"Sails were spread to every wind that blew,  
Raw were the sailors and the depths were new."*

IN the year nineteen-hundred twenty-five a ship sailed somewhat timorously out of the protecting harbor of the grade school life into the open sea of high-school life. One hundred and eighty inexperienced sailors set out on the Sea of Education in the hope of finding a harbor best suited for the protection and building of their ship. Thrilling was the class organization and the beginning of a new life for every class member. After becoming acquainted to the new curriculum and change of class periods we were allowed to seek diversion in many good times such as "weenie" roasts, a Hallowe'en Barn Party, etc. These are stamped indelibly upon our minds for they marked the first steps of our social progress. Having passed all the reefs and shoals known as "Examinations and Failures," the Ship of Freshmen sailed majestically into the Sophomore Harbor.

### BOOK OF SOPHOMORES

*"Permit our ships a shelter on your shores,  
Refitted from your woods with planks and oars."*

EVERYONE who has gone to school realizes with what expectation our ship again set sail upon more uncharted seas in an endless search for our protecting harbors. Our launching this year had a double significance for we started in a grand, new ship, our M. S. Hershey Junior-Senior High School. Our journey was rather unsettled until we became accustomed to our new building. During this year some of the most talented members of our class aided in the production of "Kathleen," one of the prettiest plays ever given at Hershey High. This year marks a successful goal attained, both scholastically and socially, when the Sophomores held a Valentine Party at the "Y" which proved quite successful. We also acquired some scholarly fuel, much needed to complete our voyage. Two projects undertaken this year are worthy of mention; they are the publications of the "Broadcaster," a monthly school paper, and the CHOCLATIER, a school annual. Both projects were very successful and destined to improve with each publication.

## BOOK OF JUNIORS

*"A ship which hath struck sail doth run,  
By force of that force which before it won."*

WE set out full of anticipation upon the course of our Junior year which proved to be a very eventful year. Of special importance was the Junior-Senior Banquet, the second of its kind given in Hershey High. "Fleurette" was the outstanding dramatic production during this year. Hershey High held a stellar role in Athletics the year '26-'27, for our teams were not defeated either in Basketball or in Football. This year introduced the much-needed Activities Period into our school. Much was accomplished during these periods and great was the benefit derived. Our class during its happy journey received a shock which greatly sobered us, this was the death of one of our class mates Catherine Hershey. Her death was keenly felt among us. In the spring of the year we stood anxiously on the threshold of a much coveted position, that of becoming dignified Seniors.

## BOOK OF SENIORS

*"Through it the joyful steersman clears his way,  
And comes to anchor in his inmost bay."*

SENIORS! We have come to the last of the goals set for us during our school career and have come also to the stepping stone from High School to a Business or College Life which awaits us in the busy world. Our rapid journey through our Senior Year is made all too quickly. Shortly after the opening of school our class was bereft of another member. Ammon Curry held a place of high esteem in our hearts and his death was a stunning blow to us. We quickly took up the duties of the Senior Class. We elected staff officers to publish our "CHOCLATIER." Eagerly we look forward toward our Washington Trip. It will be a never-to-be forgotten trip to our Senior Class. Commencement, the beginning of a new place in life for us. We stand on the shore of our harbor which we have finally reached. We have anchored in a bay, ready to conquer the unknown lands before us.

We wish success to each of our fellow class mates, who compose the now tried and trusty crew, and let us hope the land is abundantly filled with Success, Prosperity and Happiness for all.

## RICHARD MICHAEL ARNOLD "Diz"

*"Knowledge comes, but wisdom lingers."*

Class Treasurer (2); Football Squad (3); Varsity Football (4); Basketball Squad (3,4); Chemistry Club (4); Declamation (3); Traffic Squad (4); "Choclatier" Staff (4); "Mask and Wig" (3); "The Little Tycoon" (2); "Rose of Tokio" (4).

Richard Arnold, better known as "Diz," is a very popular member of our class. He can be heard all over the building with his bass voice. Richard has the ability to get a pull with the teachers. History is Richard's best subject. Talking to the girls is his favorite hobby, although he often is insulted by his girl friends. You very seldom see "Diz" without a smile on his round, fair face, but if you do, it is because a girl has turned him away. Richard should have been an actor, but his ambition is to specialize in chemistry. The class wishes you great success in Temple University.

## GALEN AUCKER "Gates"

*"The happiest man is the one  
Who never willingly in thought, word, or deed  
Gives unhappiness to others."*

Baseball (1,3); Basketball (3); Track (3); Traffic Squad (4).

"Gates" or "Red" is one of the quiet, unassuming lads of our class. That his interests lie more in sport than in studies is quite apparent. "Gates" seems interested in baseball particularly and made a splendid showing as second base man. "Gates" served also as an efficient member of our traffic squad. "Red" has high aspirations in his way to fame, for he wishes to be a crack second baseman on some professional team. The best wishes of the class of '28 follow you on your "home-run" to success and we are all eagerly waiting to see your name in headlines in professional baseball.

## MARY ELIZABETH AUNGST "Skipper"

*"I mean to be happy whenever I may  
And laugh when I must, for that is my way."*

Orchestra (1,2,3,4); Glee Club (2,4); Treasurer of Class (3,4); Basketball Manager (4); "Choclatier" Typist (4); Sigma Gamma (4); "Kathleen" (3); "Bimbo" (2); "Cherry-Blossom" (1); "Spring-Time" (1); "Rose of Tokio" (4).

Ah! Who is the fair Senorita with the flashy apparel? That is our Mary, expert typist and violin artist of the class of '28. "Skipper" is the girl who creates the styles for the fair sex of the Senior Class. "Skipper" is also a talented musician, for the assembly periods filled with haunting strains from her violin have proved this to be a fact. Abie thinks so too! "Skipper's" hobby in school is dropping difficult subjects. Her hobby outside of school is skating in winter and swimming in summer. Skippers like water in any form! Mary's ambition is to become a nurse. If any predictions can be based upon her attainments in school we are sure she will be a success.

## EDYTHE PAULINE BACASTOW "Edie"

*"I know a maiden fair to see,  
Trust her not, she's fooling thee."*

Handicraft Club (1); Tri-Y Club (1,2,3); Glee Club (2); Sigma Gamma (4); "Bimbo" (1); "Rose of Tokio" (1); "Choclatier" Staff (4); "Kathleen" (2); "Fleurette" (3).

Here is the future nurse of our class. "Edie" is determined that no one shall change her mind about the vocation she is choosing no matter what happens. We hope that she will stick to her purpose. "Edie" usually wears a smile on her face and naturally has won a host of friends by it. She professes to be a man-hater but we rather doubt that statement since she has taken quite an interest in the post-office this last year. We have our suspicions as to what is the attraction and we sincerely hope that this will not cause her to forget the desire which she has to become a nurse.

1928

# The CHOCLATIER

MARLIN ELIJAH BALSBAUGH  
"Bally"

*"How various are his employments."*

President of Class (2,3,4); Football (1,2,3,4); Basketball (1,2,3,4); Baseball (2,3,4); President of Athletic Association (4); President of Traffic Squad (4); Chemistry Club (3); Mathematic Club (3); Hi-Y Club (2); Glee Club (2,3); "Broadcaster" (3); "Fleurette" (3); "Kathleen" (2); "Rose of Tokio" (4).

"Do I dance to live, or live to dance?" is a question that seems to vex this bashful personage, "Bally." Our favorite athlete hails from the metropolis of Swatara, situated somewhere between here and there. When you meet "Bally," you meet the most peaceful, unassuming, yet determined man of the class. His three objects of personal concern seem to be his hair, his voice, and his "Tibby." He is a good all around fellow, willing to take a chance with anything—even to dance with "Millie." When "Bally" is in the class room he is always in a state of semi-consciousness, but when called upon to recite he can pass rapidly into concentrated recitation. We believe that his dream of becoming a physical director will come true, as his fine physique and pleasing manner promise to give him success in that line.

COLUMBINE BIOTTA  
"Collie"

*"Adversity is the Path of Truth."*

Track (1,2); Glee Club (2,4); Debating Club (4); Needle Craft Club (3); "Choclatier" Staff (4); "Barbarossa" (3); "Little Tycoon" (3); "Rose of Tokio" (4).

"Collie" is the sunbeam of our class. She is always ready, with her cheery smile, to chase your blues away. Always laughing, always jolly, that's our little classmate "Collie."

We thought there must be a reason behind that far-away look in "Collie's" eyes as she gazes out the window in Commerical Class, but we now have found out the cause. "Toad" has the same look, poor boy. It's funny how helpless these little girls can make the big strong men!

Well "Collie," remember your cheery smile and pleasant disposition will get you far in this old world of ours, so keep them with you always. Good luck!

RICHARD THOMAS BLACK  
"Blackie"

*"Innocent of books.  
Was rich in love of fields and brooks."*

"Broadcaster" (3); Chemistry Club (3); Manager Track (3); "Rose of Tokio" (4); Business Manager "Choclatier" (4); Hi-Y Club (2).

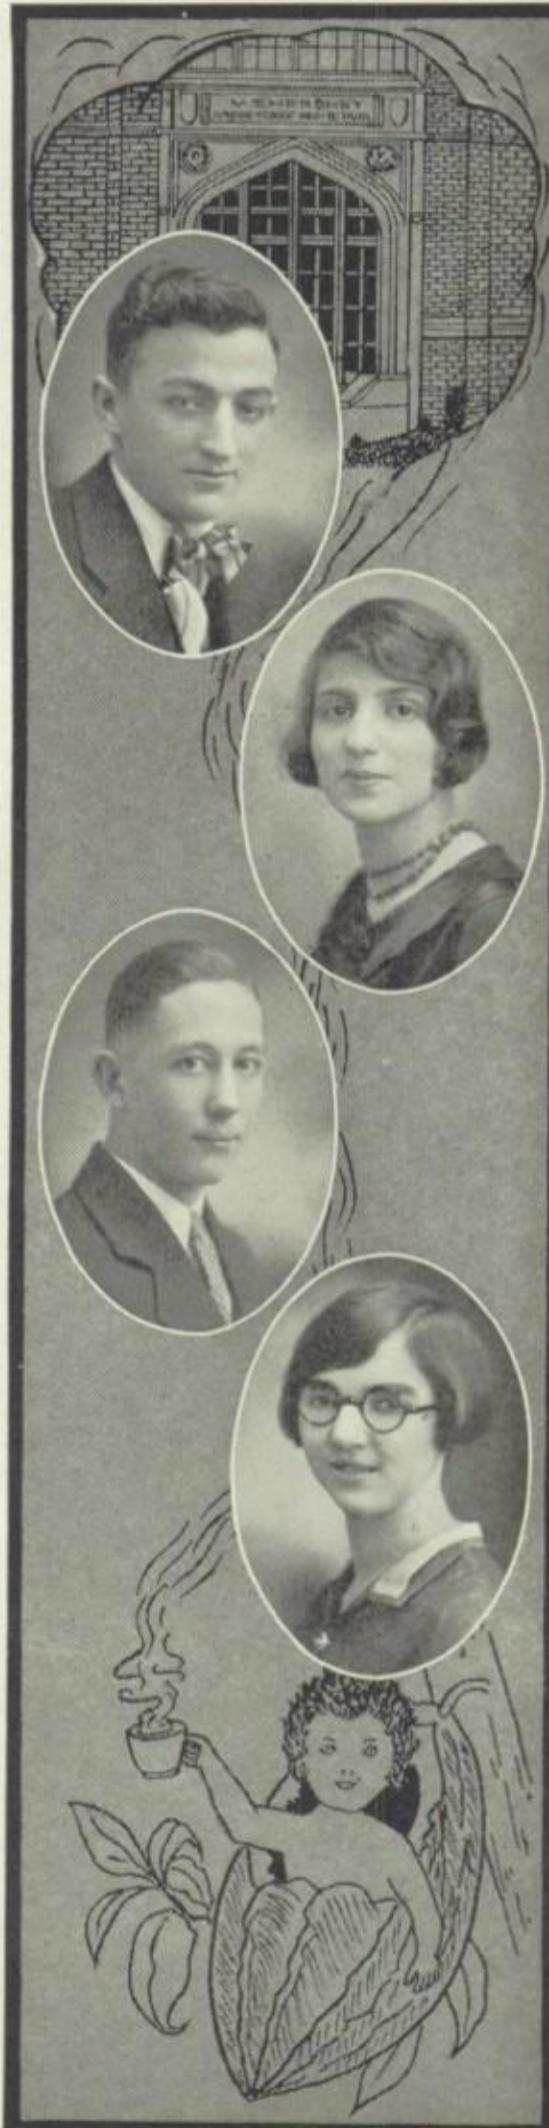

Richard is one of the quiet, reserved boys of our class. Though quiet in school he is a pioneer of the woods and is a crack shot with the rifle. He revels in out-of-door sports but is also popular among his fellow class men. "Blackie" is the business manager of our "Choclatier" and was quite a busy person this year. "Blackie" is going in strong for sweets because after he finishes school he is going to work in the Hershey Chocolate factory. Richard believes in starting at the bottom and stepping on every rung of the ladder to Success. Good luck "Blackie" and may all the rongs be strong, sturdy and secure!

SUSAN BEULAH BRANDT  
"Bebe"

*"Quiet waters run deep."*

"Kathleen" (2); Needle Craft Club (3); Sigma Gamma (4).

Beulah was one of the quiet girls of our class, but she has become a little more talkative since the beginning of the year. We believe it was "Milly" Edward's continuous babbling which caused it. Beulah is a member of the famous "Brandt Trio" and has displayed her ability as a musician several times in our assembly programs. Beulah is also an expert typist of the commercial section and we feel confident that she will make excellent use of her business education. We wish you the best of success in the business world.

# The CHOCLATIER

## MARY ELIZABETH BRANDT

**"Molly"**

*"Be wisely worldly, but not worldly wise."*

"Kathleen" (2); Needle Craft Club (3); Sigma Gamma (4).

Mary is one of the quiet girls of our Commercial section. She has won many friends during her years spent in Hershey High. Mary is loved by all her fellow classmates, probably because she possesses the ability of attending to her own affairs. Mary is studious and conscientious but always ready to appreciate a good joke. She realizes that success comes to those who wait and while waiting she works for it. Mary will either develop her musical ability or continue with her commercial work. We predict a happy future for Mary and wish her much success.

## BERTHA MAE CASSEL

**"Berdie"**

*"Her smile recures the wounding of a frown."*

Scribblers' Club (3); Chemistry Club (3); Handicraft Club (2); Sigma Gamma (4) Orchestra (4).

"Berdie" believes there is a time for work and a time for play, mostly play, but really spends some time at work. She is a lover of nature and if Mother Nature has any part in creating the sunny smile which "Berdie" possesses, it would benefit us all to get acquainted with Nature. Beside possessing a smile she is musically talented, adding much harmony to our orchestra with her cello. "Berdie's" pet pastime is giggling. Enough said! "Berdie's" hobby "sawing" away on her cello, predicts a brilliant musical future. Bertha intends to be a teacher but her ambition just at present is to drive a Chevrolet, we wonder why? But in what ever you undertake we wish you the best of luck and happiness.

## DONALD CASSIDY

**"Don"**

*"Happy am I, from care I'm free."*

*"Why aren't they all contented like me?"*

Football (2,3); "Springtime" (2); Basketball (2); "Barbarossa" (3); "Fleurette" (3); "Rose of Tokio" (4).

"Don" is looked upon as the Romeo of the class. During his stay in High School, he has bestowed his attentions on various members of the fair sex with varying success. "Don's" motto has been, "Do not do today that which can be put off until the morrow." With this in mind he has avoided doing a lot of unnecessary work!!! "Don" thinks that school is just another means of taking life easy. After graduation, he is undecided whether to enter college or settle down to the hum drum of business life. Here is to your success in whatever you may undertake.

## PAUL LUTHER CLARK

**"Clarky"**

*"I dare do all that may become a man,  
Who dares do more, is none."*

Scribblers' Club (3); Forensic Club (4); Class Historian (4).

There are not many boys in the Senior Class who can be called "quiet" but Paul is one that can be. It is very seldom that "Clarky" does not know his lesson when he comes to class and when the rest of us fail to respond, Paul usually comes to the rescue. Within the last year or so we discovered that Paul possessed unusual ability along poetical lines. Paul is undecided as to what he will do after graduation but we are all hoping that he will continue to write poetry and perhaps some day we will see his name with that of Longfellow and other great poets.

1928

# The CHOCLATIER

## RUTH BEATRICE DETWEILER

**"Beaty"**

*"Here's a little maiden, always spick and span  
Never known to hurry, even for a man."*

"Mask and Wig" (3); President of Needle Craft (3); Glee Club (4); Secretary of Sigma Gamma (4); "Bimbo" (1); "Kathleen" (2); "The Rose of Tokio" (4); "Fleurette" (3); "The Little Tycoon" (2).

Ruth is one of these dignified, quiet girls who holds the respect of all her acquaintances and friends. Ruth is decidedly a brunette, but that does not prevent her from being "preferred by gentlemen."

Ruth is a steady, hard worker, always being asked to undertake more, because of her valuable ability. She expects to follow stenographic work after graduation and we know that she will add dignity and poise to whatever office she enters.

## MILDRED ELIZABETH EDWARDS

**"Milly"**

*"They who are popular deserve attention."*

Tri-Y (1,2,3); Glee Club (4); Debating Club (4); Treasurer of Sigma Gamma (4); "Kathleen" (2); "The Little Tycoon" (2); "Fleurette" (3); "Barbarossa" (3); "The Rose of Tokio" (4); Humor Editor of "Choclatier" (4); Forensic Club (4); Ticket Committee (4); "Bimbo" (1).

Pertinent vivacious, flirtatious, that is "Milly." As for popularity, she has no other equal in our class. "Milly's" favorite hobby in school is talking and giggling; outside of school, her hobby is dancing.

"Milly" is a student of the Commercial Course, and she is also progressing rapidly in speaking Espanol. "Milly's" ambition is to go to West Chester. We hope that "Milly" will not be required to use any shorthand in her course at West Chester, for we fear she would be unable to do so. Nevertheless we wish her success in her future work and hope that she will retain her bewitching smile all through life.

## ELVATZ A. ELSARELLI

**"Yoffie"**

*"Honors come by diligence."*

Oratory (3,4); Mathematics Club (3); Vice-President of Scribbler's Club (3); Chemical Club (3); "Rose of Tokio" (4); Traffic Squad (4); President of Debating Club (4).

Behold the outstanding orator of the class of 1928. "Yoffie" sure does know how to hold an audience with his oratorical voice. He has also shown his ability as a debater and we all agree that he has been an asset to our debating team this year.

"Yoffie" has no particular interest in the fair sex, in school his work took first place. We hope that "Yoffie" will further his oratorical abilities after leaving school and meet with great success.

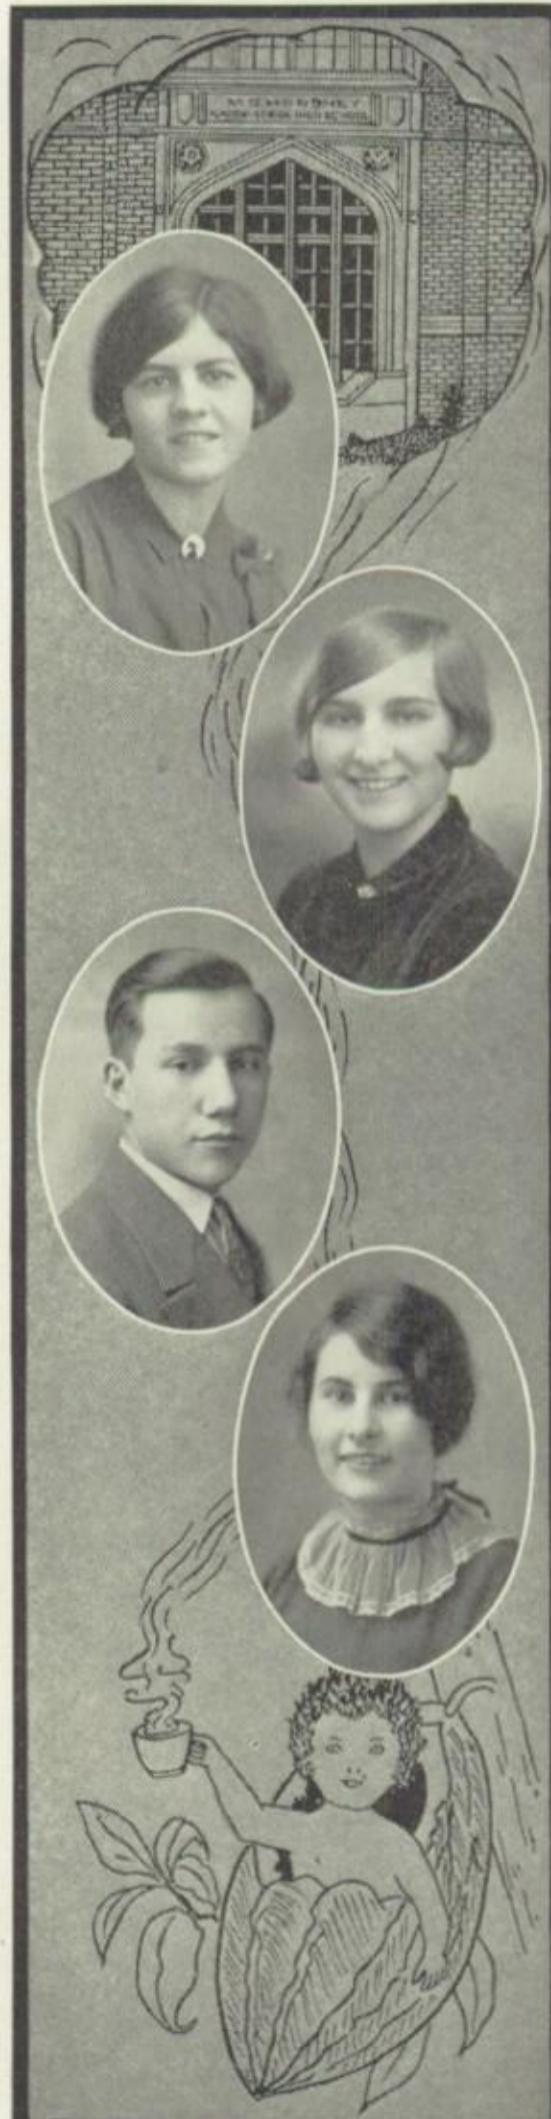

## ELMA CATHERINE GERLACH

**"Captain"**

*"What great thing lies beneath her calm unassuming nature."*

Tri-Y (1,2,3); "Bimbo" (1); "The Maid of Tokio" (1); "Kathleen" (2); "The Little Tycoon" (2); "Fleurette" (3); The Needle Craft Club (3); "The Rose of Tokio" (4); The Debating Club (4); Sigma Gamma (4).

"Captain" is very quiet. That is—at times. She is an all around good sport and has ability to win friends wherever she goes. Alma is very fond of out-door sports, especially hiking. She is one of our Commercial students. Alma expects to go to West Chester and enter the kindergarten work. We hope that her success will continue when she is out of school and the best wishes of the class of twenty-eight go with her.

1928

# The CHOCLATIER

## FANNIE ELIZABETH GRAYBILL

**"Fan"**

*"A quiet lass—there are but few,  
Who know the treasure hid in you."*

Needle Craft Club (3); Sigma Gamma (4).

Fannie is one of the quiet members of our class. She is very studious. If you want to know anything ask Fannie. We predict a brilliant future for the commercial world if Fannie enters it prepared to use her competency in making red and blue figures stay in their respective places. Fannie is also capable of managing her house hold affairs. We can easily imagine her domestic future. Can't you just see her budget? Don't forget Fannie, if the red and blue figures get mixed, etc. 'cause your class of '28 is thinking about you and wishing you every degree of success and happiness.

## MAE LAVENE GRAYBILL

**"Snookie"**

*"I mean to be happy whenever I may,  
And laugh when I must for that is my way."*

Handicraft Club (1); Mathematics Club (3); Orchestra (3,4); Forensic Club (4); Sigma Gamma (4).

We all know Mae is a very studious girl and are quite certain she will be an honor student. She studies from morn till night. If you want to know anything in Latin go to Mae for she is ever willing to help others. She intends to enter the profession of teaching and will be a success if her endeavors in the class room count for anything. Mae wants to be a Latin teacher. We are not certain whether she will succeed, as our opinions of her have been changed this last year. If you didn't see her at the Senior play, you missed something. She has a good knowledge of cooking and I don't believe she would want to let it go to waste. However we extend our best wishes for her success for a teaching career.

## MARY CATHERINE GRAYBILL

**"Grabie"**

*"Little in stature, but not in mind,  
Gentle, loving and exceedingly kind."*

Chemistry Club (3); Mathematics Club (3); Debating Club (4); Sigma Gamma (4).

Mary's favorite hobby is debating because she likes to argue. She certainly knows how to use her vocabulary. Mary likes to get on the good side of the teachers, this does not mean to get higher marks, for she knows more than we think she does, and deserves all she gets.

Mary expects to become a Latin teacher. She has proved her ability in this respect by her excellent ability to translate Latin. We wish you luck and prosperity in whatever you may undertake to do in the future.

## LOUISE ELVIRA HEISEY

**"Weesie"**

*"Keep your face always toward the sunshine,  
And shadows will fall behind you."*

Scribblers' Club (3); Forensic Club (4); Sigma Gamma (4).

Louise is the quietest girl in our class. She is one of those girls who is seldom heard but has great goals set for her ambitions. Being one of the most conscientious girls in her studies we have every reason to believe she will succeed. Probably she will make some of her co-workers sit up and take notice. "Weesie" possesses one of the rarest things of anyone of our class, that is a blush. If you have seen Louise blush you know why they say that a blush is a sign of maidenly modesty. Louise has taken the commercial course, planning of course, to be somebody's stenog. We are sure she won't need anyone to translate her short hand. The best wishes for happiness and success go with you.

## MARTHA ESTHER HENRY "Hennie"

*"Small of stature, but of quality supreme."*

Glee Club (2,4); "Mask and Wig" (3); Forensic Club (4); "Fleurette" (3); "Little Tycoon" (2); "Bimbo" (2); "Springtime" (1); "Cherry-blossom" (1); Sigma Gamma (4).

Martha, or better known as "Hennie," is one of the smallest of the fair sex of our class. She is an active member of the class both in her studies and with her untiring tongue. Her favorite hobby, while in school is telling jokes. When she starts telling jokes we all stop studying. "Hennie" is usually seen driving her Ford when her school day is over, that's what makes us think she is out and out for Mr. Ford's industry. Martha's ambition is to become a nurse if "Ed" doesn't become too ardent this summer. We believe she has chosen the right field in life because of her ability to drive away gloom. Here's to the best of success in the future.

## DENVER LIGHT HERR "Denny"

*"Please don't look at me, I'm bashful."*

Scribblers' Club (3); Hi-Y Club (1).

"Denny" is the shiek of the commercial section and is always ready to do anything for the ladies. He has not taken any active part in the sports at our school for reasons known only to himself. "Denny" is not exactly studious but usually knows his lesson. We think that he might be able to concentrate a little harder if his chums, Masimer and Landis, would not attract his attention so often. "Denny" expects to enter Beckley College in the Fall and we predict great things for him provided there are not too many ladies near by.

## EDWIN BOOSER HERSHY "Strap"

*"His voice will be employed  
To clear the guilty, and to banish crimes."*

Vice-President, Athletic Association (4); Basketball Manager (4); "Choclatier" (2,4); "Broadcaster" (3); Football (2,3,4); Basketball (2,3); Assistant Baseball Manager (2); Hi-Y Club (2,3); "Fleurette" (3); "Bimbo" (2); Assistant Business Manager "Choclatier" (4).

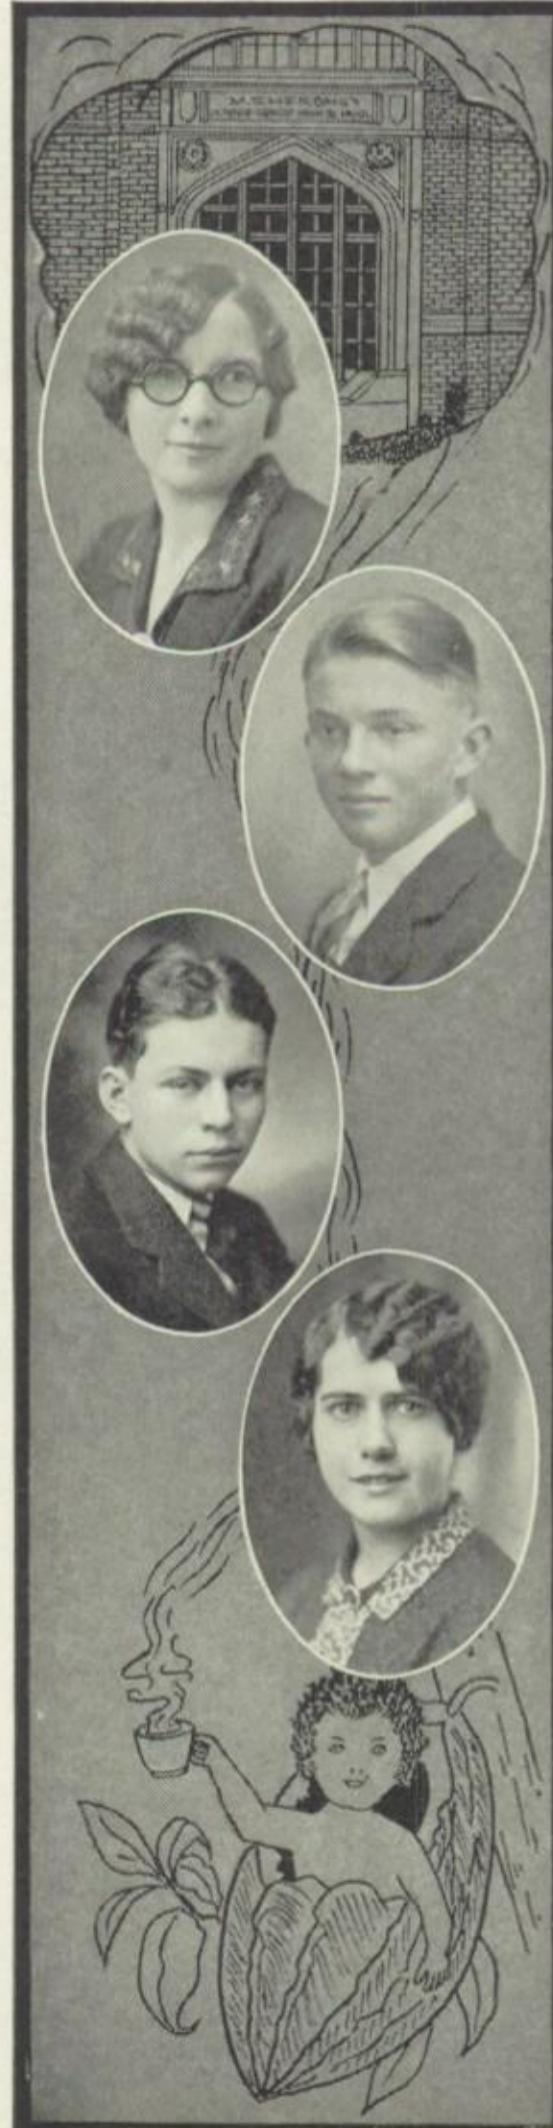

Arise! as lawyer Hershey mounts the bench. This is a future portrait of our ever-dependable "Strap." "Eddie" is one of the few whose executive ability has given him the privilege of cutting classes without a reprimand. He could be seen rushing through the halls with important looking papers at any hour of the day. If you want a project "pushed" go to "Strap;" it's sure to go "over the top." "Strap" is one of the most active members of the class, always the first to suggest a good time. He was always ready to speak even if he was not spoken to and we feel confident that he will succeed in his ambition as a lawyer. He expects to while away the next two years at Mercersburg. Remember the class of '28 wishes you the best of success.

## CLARA BARBARA HESS "Hessie"

*"It is good to lengthen to the last a sunny mood."*

Glee Club (2,4); "Fleurette" (3); "The Little Tycoon" (2); "The Rose of Tokio" (4); Sigma Gamma (4).

Who doesn't know "Hessie?" The blues all vanish when she is around for just a few of her comical sayings makes one cheer up. "Hessie's" idea of pleasure is to go on a wild goose chase in her flivver. Before going for a ride with "Hessie," the best thing to do is to get your life insured, as she is a "mean" driver. In our cooking and sewing classes, she has displayed her domestic abilities. We hope she will make good use of them. Although "Hessie" has followed the commercial course, she has great ambitions to become a musician. She has the best wishes of the class in her undertaking.

# The CHOCLATIER

## CHARLES LUTHER HINKEL "Hink"

*"When there is a girl in the case,  
You know all other things give place."*

President of Class (1); Chemistry Club (3); Forensic Club (4); Assistant Editor "Broadcaster" (3); Assistant Editor "Choclatier" (4); "Mask and Wig" (3); Hi-Y (2,3); Football (3,4); Track (1,2,3); Mathematics Club (3); Basketball (2,3); Traffic Club (4); "Little Tycoon" (2); "Kathleen" (2); "Barbarossa" (3); "Fleurette" (3); "Penrod" (2); "Rose of Tokio" (4).

That "Hink" is the Beau Brummel of our class is generally acknowledged by all. Nor is his popularity confined to the fair sex. "Hink" has had quite a unique career already, being a Bell Hop at Lake Pleasant, a ditch digger, (all athletes indulged in manual pastime during the summer) and he expects to be Counsellor at a Boys' Camp in the Poconos this summer. Luther is quite a versatile character being the best dancer of the class and one of our foremost male actors and ranks high scholastically. "Hink" expects to be a doctor and we are sure that there is a bright future ahead for you for your past activities have assured us of this fact.

## ALBERTA MAE HOERNER "Boy"

*"Silence is golden."*

Sigma Gamma (4); Needle Craft Club (3).

Alberta is another student of the Commercial Class. She is a very quiet and reserved girl who attends to her lessons with much care and few words. She has been termed by her class mates as the man-hater of our class, but she can't be blamed for that! Alberta intends to enter the business world after graduation and we are sure that her modest ways and sweet personality will gain her many friends in life.

## MIRIAM GERTRUDE HOERNER "Milly"

*"On their own merits, modest men are dumb."*

Sigma Gamma (4); Needle Craft Club (3).

"Milly" is the baby of our class but this fact does not hinder her from setting a high goal for her ambitions. She has taken the Commercial Course and aims to be "Somebody's Stenog." and for a quiet, attentive person we recommend "Milly" most highly. We are sure she will prove quite capable and cause no domestic disturbance for she appears to be "all wrapped up" in Johnny. She lives out the slogan, "quiet waters run deep." As far as we are concerned we feel that she will make a far better house-wife than a "stenog." for her activity in Needle Craft Club displays a tendency toward being an excellent "wife." We know you will be a success at whatever you do and wish you the best of luck and heaps of happiness.

## RUSSEL HARLAN HOSLER "Russ"

*"A quiet sort of fellow, of whom it may be said,  
Has something more than nonsense, lying underneath his head."*

Forensic Club (4).

This young man came to us from Lititz about the middle of our Senior Year. "Russ" is one of those bashful boys who prefers to look at the opposite sex from a distance, although we have seen him gazing at some of the beauties of the commercial section. His favorite study is chemistry, and Mr. Leatherman has his hands full watching that he doesn't blow up the lot. He intends to go to college after he graduates. His chief ambition is to be a chemist and in a few years you will probably hear of him making many valuable discoveries in the scientific world which will be of untold value.

1928

# The CHOCLATIER

## ROBERT WEAVER HOWARD "Windy"

*"What care I for worry, work or trouble."*

Chemical Club (3); Scribblers' Club (3); Glee Club (2,3).

"Windy" is the big boy of our class but big as he is, his heart is in proportion to his size. Where would we be without "Windy" to set up the gang with candy every noon hour? "Windy" is often dubbed the "chicken king" of the class, for he has raised and cared for, in the last three years, a fine flock of chickens that he expects to trade off soon to realize a neat profit. We are not sure just what way "Windy's" enthusiasm and initiative will carry him after graduation, but we feel certain that he won't go far astray from the solid pathway of success.

## WILLIAM ELIAS LANDIS "Bill"

*"A very pleasant fellow and a scholar ripe as well;  
We know a lot more of him, but we haven't time to tell."*

"Choclatier" Staff (4); Orchestra (1,2,3,4); Varsity Football (3,4); Glee Club (3); Baseball Squad (2,3,4).

"Bill" is the humorist of our class. He well deserves to be so called for he has a joke for most every occasion. He is a skilled trombone player. Another marked feature of "Bill's" is to argue. Never get in an argument with him for you're sure to lose. You cannot detect his interest in the opposite sex, but don't be deceived! He has recently expressed his intentions of taking up aviation, but we predict great things for "Bill." We are quite convinced that he will be a prominent lawyer, judging from his displays in the Law class.

## VIOLET ESTHER LAUDERMILCH "Vi"

*"Silence is more eloquent than words."*

"Broadcaster" Staff (4); Scribblers' Club (3); Forensic Club (4); "Choclatier" Typist (4); Traffic Squad (4); Sigma Gamma (4).

"Vi" is one of the quiet students of our class. We all thought she was a man-hater, but when she "stepped out" at the high school play we drew different conclusions. She is a girl of few words but she pursues her studies with great care, and is always ready to lend a helping hand. She is a sincere, honest student and a hard worker. If we ever wanted to know anything in Latin we would ask Violet. She has taken the commercial course and we predict a great future for her. Violet intends to be somebody's stenographer and she has the best wishes of the class for success.

## GRACE IRENE LLOYD "Gracie" or "Sunshine"

*"Here comes Grace, with a smiling face.  
Never in a hurry, never in a scurry."*

Secretary of Class (1); "Springtime" (1); Cherry-blossom (1); Handicraft Club (3); Tri-Y Club (1,2,3); "Kathleen" (2); Art Club (2); Glee Club (2,4); "Bimbo" (2); "Little Tycoon" (2); Secretary of Debating Club (3); "Fleurette" (3); "Mask and Wig" (3); Assistant Editor of "Broadcaster" (3); "Barbarossa" (3); Declamation (3); "Rose of Tokio" (4); Forensic Club (4); Sigma Gamma (4).

Grace is one of the most attractive blondes of the class of '28. Did you ever see Grace smile? Her smile has won many friends and we believe it won "Sam." Grace's favorite hobby is going to the Hardware Store in Elizabethtown. "Sunshine" wishes to become a teacher, and judging from her attitude in school she will make a good teacher. Grace has won great fame in Hershey High as an actress. She has ability in oratory and debating. Beware as you go in the Hardware Store at E-town, for Grace may become a clerk there, selling hammers and nails. We predict a happy and prosperous future for Grace in whatever line of work she may follow.

# The CHOCLATIER

## WILLIAM NORMAN MASIMER

**"Puss"**

*"A merry heart untroubled by care."*

Football (3,4); Glee Club (3); Orchestra (3); Baseball (3,4).

"Puss" is one of the most bashful lads of our class. He is well liked by everyone and was one of our football heroes in whom we took great pride. "Puss" does not believe in doing more than is necessary when it comes to studying. Shorthand is the one evil which takes the joy out of life for "Puss" and we all sympathize with him. We are sure that with the help of his inseparable chum, "Bill," he will be a success in the business world. Here's the best for you, "Bill," in whatever you may undertake.

## HELEN LOUISE MENICHESCHI

**"Mickey"**

*"A kindly word and a kindly smile,  
Goes with us many a mile."*

"Kathleen" (2); "Fleurette" (3); "Little Tycoon" (2); Sigma Gamma (4); Glee Club (2,4); "Broadcaster" Staff (3); Traffic Squad (4).

Helen is one of our popular girls. She is blessed with a charming personality which causes everyone who comes in contact with her to like her. Her particular hobby is studying (?). After school hours her hobby apparently is strolling along with her friend, "Hessie." She has a rather high standing in the Commercial section and sure knows her "vocabu-ario de Espanol." Did you ever notice Helen's dimple? This adds to the fascination of this young lady. Helen has decided to become a private nurse and the class of '28 wishes you all the luck necessary to become successful.

## ZELMA NYE

**"Skinny"**

*"The deepest rivers flow with least sound."*

Sigma Gamma (4); Glee Club (2); Chemical Club (3); Needle Craft Vice-President (3); "Little Tycoon" (2); Art Club (2).

Here is another one of our quiet girls from Union Deposit. She is very studious and lovable to all who associate with her. She is always willing to give aid and has a very agreeable way of telling you your faults without causing any ill feelings. She goes about her studies in a quiet, business-like manner. She says she hates men, but we wonder why her thoughts turn to Middletown continuously. Her main ambition is to be a nurse. We feel sure that she will succeed and that the hospital might have to be enlarged, for if the people learn to know her they will all want to gain admittance to her ward.

## VERNA B. OBERHOLTZER

**"Wernie"**

*"Conscientious, studious, clever.  
Does she shirk her duty? Never."*

Forensic Club (4); Cafeteria Cashier (1,2,3,4); Sigma Gamma (4); "Broadcaster" Typist (4); "Choclatier" Typist (4).

Verna is one of the modest girls of our class who does very little useless talking. We are sure that Verna will succeed in the business world judging from her ability in mastering commercial subjects. She has many friends and is well liked by all who know her. We cannot imagine Verna being anything but a cashier in Vian National Bank. Nevertheless we wish her success in whatever line of work she may pursue, whether it be that of a bank cashier or somebody's stenog.

# The CHOCOLATIER

## MARJORIE MARIE REESE

**"Marge"**

*"A light heart lives long."*

President of Tri-Y Club (1); "Kathleen" (2); Secretary of Tri-Y Club (2); Art Club (3); "The Little Tycoon" (2); Tri-Y Club (3); "Fleurette" (3); President of Sigma Gamma (4); Basketball (4); Glee Club (4); "Rose of Tokio" (4); Forensic Club (4).

"Dance Away Those Blues" is Marge's philosophy and we think it a good one. She is always the life of a party, and when Marge's on the "eats" she is as equally capable of home-keeping as being a social success and on account of this we believe she will be a big success in whatever enterprise she undertakes. Marge's ambitions are wavering between Penn State and Goucher. Wherever Marjorie decides to go we feel sure she will be a success. She hopes to study Home Economics or Dietetics and pursue a career upon graduation, but we believe that Marjorie will find her career centered in a pretty little home with her Prince Charming.

## EDISON FRANKLIN RICE

**"Joe Bass"**

*"There is a chord in every heart  
that has a sigh in it if touched aright."*

Vice-President (2,3,4); Football Manager (4); Under Class Editor (3); Dramatic Club (3); Art Club (3); "Fleurette" (3); "Little Tycoon" (2); "Rose of Tokio" (4); "Barbarossa" (3); "Kathleen" (2).

No need to introduce "Joe." Everybody knows him. He's the life of every party. "Joe" is a real sport all around. Can he dance? Hey! Hey! That boy eats, sleeps, and dreams dancing seven days a week and fifty-two weeks a year. Not all "Joe's" energies are monopolized by dancing, nor all his attention devoted to female element of the school, but to thinking up excuses to get out of work. Edison is a good bluffer; in spite of this fact he has been able to successfully complete his high school course. In whatever work he may undertake we wish him success.

## SYLVIA VELLE SAUFLEY

**"Silvie"**

*"Thy modesty's a candle to thy merit."*

Scribblers' Club (3); "Fleurette" (3); Chemistry Club (3); Sigma Gamma (4).

Sylvia came to us from the sunny South. She has won her way into the hearts of all by her amiable manner and congenial personality. The only thing that Sylvia thinks a necessary evil is Geometry. If you are sitting close to her in English or Physics class, then you do not need to worry about those zeros which the teachers are so prone to mark after your name in their little black book. Sylvia is never noisy in class and she always knows her lessons. Sylvia intends to choose as her life's work, the gentle art of nursing. We wish you luck, Sylvia, in your well-chosen profession.

## HELEN VERONICA MARY SCHMIDT

**"Schmitie"**

*"Those who tip deserve attention."*

"Schmitie" is a representative from Spring Creek Boulevard better known as East Chocolate Avenue. "Schmitie" can be heard laughing a square away. She is chuck full of obstreperous hilarity. "Schmitie" undoubtedly possesses the most spontaneous laughter of any member of the class, and she is not stingy with it. She also holds another title, as champion "hash slinger" in the class. After graduation Helen expects to matriculate in a hospital to become a nurse. We only hope it requires no Espanol. The best wishes of the class go with you for success.

# The CHOCLATIER

## BLANCHE MAE SELL "Blank"

*"Speech is great, but silence is greater"*

"Kathleen" (2); Glee Club (4); Sigma Gamma (4).

Blanche has been with us ever since she was a member of fifth grade. This has given us an ample opportunity to become well acquainted with her. She is quite unassuming and her habits are simple and modest. Oh, how often she is seen gazing into space, at which time we all know she is thinking of the many good times she has had in a certain roadster with a gallant, dark-haired knight at the wheel. Blanche's highest aim in life is to be a nurse. We recommend that she become a private nurse. Good luck to you Blanche in your medical career.

## MARGARET LOUISE SENSOR "Peggy"

*"Always cheerful, gay and tender,  
With a heart that's all true blue."*

Secretary of Class (3,4); Secretary of Athletic Association (4); Editor-in-Chief "Broadcaster" (3); Editor-in-Chief "Choclatier" (4); Sigma Gamma (4); Glee Club (2,4); "Mask and Wig" (3); "Kathleen" (2).

Behold, the most competent executive of our class! "Peggy" is also the star typist of the commercial class. She plans to be somebody's stenog. and for a silent, efficient worker no one can surpass "Peggy." Her hobby seems to be making fudge. (Poor "hubby" will have to develop quite a taste for fudge.) "Peggy's" weakness is giggling and this balances the serious side of her nature. "Peggy" possesses quite a bit of musical talent especially "Ashes of Dreams," and when she starts playing every one sits up and takes notice. The best wishes of the class for success and prosperity follow "Peggy" to "Beckley's" and thence into the business world.

## LOUISE MARIE SHAY "Lou"

*"Pretty, affable, talented = Louise."*

"Kathleen" (2); "Cherry-blossom" (1); "Bimbo" (1); "Little Tycoon" (2); "Barbarossa" (3); "Fleurette" (3); "Rose of Tokio" (4); Needle Craft Club (1); Tri-Y Club (3); Debating Club (3); Forensic Club (4); "Mask and Wig" (3); Orchestra (3,4); Glee Club (2,4); "Choclatier" Staff (4); "Broadcaster" Staff (4); Oratorical (3); Art Club (2); Sigma Gamma (4).

Louise has a very big ambition; to be a world-renowned musician. And that she will be one is known, because of skill which she has shown. She is the most popular girl in our class and has made many friends. She is also an actress which has been proven by the fact that she has carried a leading part in the high school plays. The best dancer in the class is Louise. Her intellectual ability is self evident because she is an honor student. She expects to further her studies at Temple and the class wishes her the best of success in her undertaking in higher education.

## GLENN STOVER "Nig"

*"All mankind loves a lover."*

Football (3,4); Basketball (2,3,4); Baseball (2,3,4); Assistant Business Manager (4); "Rose of Tokio" (4); "Fleurette" (3); "Little Tycoon" (3); "Kathleen" (2).

Glenn is usually quiet when the teacher is present. Judge for yourself how quiet he is when the teacher is absent. Glenn is one of the jolliest of the group and is well liked by all. Like all the other boys in the class he shows his excellent school spirit by never skipping a class unless he can dig up some kind of an excuse for doing so. Glenn intends to go to Lebanon Valley College after he finishes High School. In college, we are sure he will be successful in his class work as well as on the athletic field. His chief ambition is to be a Physical Director. Judging by his athletic record in school we are sure he will make good in this work. Good luck to you.

1928

# The CHOCLATIER

## MARY ELIZABETH STRIMBLE "Molly"

*"Dependable as the day is long."*

Glee Club (1,2); "Kathleen" (2); "Fleurette" (3); "Little Tycoon" (2); "Choclatier" Staff (4); Sigma Gamma (4).

Mary is a very studious girl and has learned how to make a few minutes count. She has not only become proficient in her school work but also has shown ability along social lines for instance, interesting George. She is interested in the teaching profession. In whatever she may undertake to do the best wishes of the class of '28 are hers. If "Molly" follows the old proverb, "Practice makes perfect," we are sure that she will gain her heart's desire.

## CATHERINE MARIE STROHM "Kay"

*"Never an unkind word or deed,  
This is our Catherine's creed."*

Basketball varsity (2,3); "Fleurette" (3); "Choclatier" Staff (4); Track (1,2); Sigma Gamma (4); Glee Club (4).

"Kay" is the girl's basketball star of our class. She has earned this title by hard consistant work and practice. Everything that "Kay" does she goes at it hard and does it well, whether it be along athletic or scholastic lines. One learns to associate people with certain expressions. In the case of Kathryn, it is "Oh, you big bum!" None can say it just like "Kay" so if you are called a "big bum" you may feel assured it is our hard working "Kay." She is now working in the Hershey Millinery Department, but we understand she expects to become somebody's "stenog." We wish her the best of success.

## MILDRED PAULINE SWOPE "Fuzzy"

*"Laugh and the world laughs with you;  
Weep and you weep alone."*

"Kathleen" (2); "Little Tycoon" (2); "Fleurette" (3); Orchestra (3); Sigma Gamma (4).

Mildred has great determination and strong will power. This is evident in Geometry class; her mind is continually concentrated on what she has in hand, and determination is seated on her brow, although she weakens occasionally. She will not be laughed at or trampled upon by any one and she is quite able to take care of herself. Very few people understand her and her intimate friends are a chosen few. At one time her ambition was to be a school teacher, but this ambition has slowly died out. She has evidently fallen a victim to the opposite sex and surely she would not want to let her knowledge of housekeeping go to waste. We wish you luck.

## VICTOR HAROLD TINNEY "Vic"

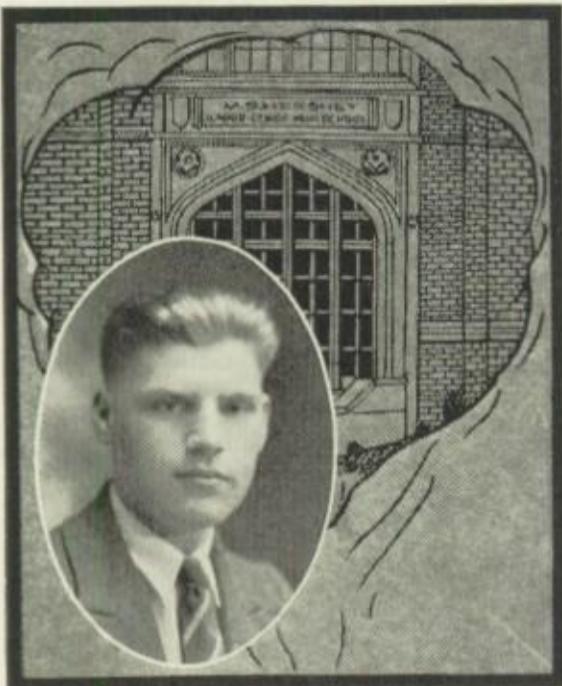

*"A word to the wise is sufficient."*

Basketball (1); Baseball (2,3); Track (1,2); Football (4); Hi-Y Club (2,3); "The Rose of Tokio" (4); Assistant Football Manager (3).

"Vic" is our peroxide blonde. Although he is a rather quiet fellow, "Vic" is not sly or bashful and for that reason rates "big" with the fair sex of other towns. Probably that machine of his had something to do with it. "Vic" was quite a star on the Junior Olivets Basketball Team. He has taken quite an interest in Espanol this year. "No es verdad, Señor?" "Vic's" favorite hobby at the present seems to be matching pennies in Problems of Democracy class and the merry jingle adds much to the harmony of the class room. Another hobby of "Vic's" is to be "back stage" during the dramatic productions of H. H. S. He is always ready to lend a helping hand when needed. "Vic" is also known as a movie man around town. We predict a brilliant future for him in this line of work. Good luck to you "Vic," and may the best wishes of '28 be a constant reminder of pleasant hours at Hershey High.

VICTOR UHRICH  
"Vic"

*"A cheerful and intelligent boy, who is bound to succeed."*

Hi-Y (2,3); Debating Club (3,4), Secretary Magazine Drive (4); Chemical Club (3); Scribblers' Club (3).

"Vic" hails from Vian. He is a faithful member of the class and has at all times striven to achieve the utmost. "Vic" made his debut during Educational Week making a speech to the most distinguished Audience—The Seniors and Under-classmen. He also shows ability as a leader which he displayed during the Magazine Drive. "Vic" is not a ladies' man, neither is he a woman hater. He is a first rate chap and we predict a prosperous future for him in whatever line of work he may pursue.

## Junior Class History

THE History of a country is usually divided into a number of periods, each composed of the outstanding events. Likewise, the high school career of the Class of '29 is divided into three great periods: namely the three successive years from 1925 to 1928.

In 1925 we were young, extremely verdant, and a very much awe-inspired group of Freshmen. We are very proud to be the first Freshmen Class in our new high school building. Our class soon produced some sturdy athletes, students of remarkable talent and strength of character. There were other activities in which we participated. This ended the first period of our history gloriously triumphant.

The second year we came back smaller in numbers but not in quality. This period was filled with parties and class activities. In athletics we were still at the top. Some of our members were on the Football Squad, Basketball and Baseball Teams. My! what a class!

Now we are coming to the close of the third period, our Junior year at Hershey. We co-operated with untiring efforts with Miss Clemens and with her unlimited patience and help, "The Broadcaster" proved to be the finest, most remarkable and successful paper ever published in the Hershey High School.

Would Athletics be the boast of our school if all "Junior" members were cast off the players list?

Hail! To the "star" athletes and class who wear the glittering rings and pins of '29; whose colors of Blue and White flash and symbolize the honors carried by the class who wears them; whose motto "Not for Glory, but for Service" is not considered an old fashioned memory verse, but each and every member is as loyal and obedient to their motto as a scout to his oath. The Junior Class does not only carry honors, titles, etc. but the fragrance of their Class Flower, the "White Rose."

### Senior Advice to Juniors

SO many books you've studied,  
So much you've learned and read;  
Beware, O worthy Juniors,  
Of swelling in the head.

Seek loyalty, not honor,  
For you, our hearts have bled;  
Beware, O worthy Juniors,  
Your honors soon are fled.

A word of warning, hear us  
O class, who'll wear our shoes;  
Beware, O worthy Juniors,  
Perhaps success you'll lose.

If you our footsteps will follow,  
Success you will attain;  
Beware, O worthy Juniors,  
And work with might and main.

## Sophomore Class History

**SOPHOMORE!!!** What idea does this word convey? Webster says it is derived from two Greek words "sophisticus" and "moris." The first, meaning a fallacious reasoner; the second, conveying the ideas of a foolish or inflated feeling. Thus we see the word Sophomore may be defined as a fallacious reasoner with an inflated feeling.

The class of '30 returned to school last fall almost as strong in numbers as when they separated last spring for a three months vacation. This year shortly after we had returned to school a class meeting was called at which time we organized and planned some activities for the coming term. Since then we have had a wide awake class, always willing to help in any school or class activities. The class has been well represented in Sports, Dramatics, Debating and other activities having a letter man in football and four girls on the Varsity Basketball Team. As a class motto we have chosen "They can who think they can," and we aim to live up to it and do our best in all we undertake.

### Senior Advice to Sophomores

OUR friends, in weal or woe,  
Ever you've faithful been  
To tasks we have assigned,  
Ever your fame shall grow.

Pray follow twenty-eight  
Doing your very best,  
In all you undertake,  
To meet Life's test.

Then, stay, until the end,  
Problems quite hard you'll meet;  
Your brains are keen and sure,  
Victory will attend.

## In the Ninth Act

"Who is that?"

"Why only a Freshman."

How familiar that statement is. How many times have we, the Freshmen, heard that particular comment. When we came to High School we thought we would be a very important part of this august assembly, but we were soon made to feel how insignificant we really were.

"Man is but an actor, performing on the stage called "Earth," so says Shakespeare. We Freshmen are performing our ninth act of the sketch called "School." We have been assigned our parts, and are trying our best to act them well. Sometimes our parts become difficult. Often our actions are very poor, but as a whole we are trying to put this act, and this sketch over to the best of our ability.

This big troupe of performers has one hundred twelve members enrolled. In this, the ninth act, some have helped in the musical selections by playing in our orchestra; a few have participated in sports of every nature. All activities of a live school are enacted in the sketch by some representative actor or actress.

The scenario of the sketch could be no more beautiful. It is laid in the M. S. Hershey Junior-Senior High School, a modern institution of learning. This program called "The Choclatier" will introduce the actors and actresses of the ninth act not only by name but by photograph.

We are eagerly looking forward to the time when we will no longer be called "only Freshmen."

### Senior Advice to Freshmen

FRESH from the fields of clover,  
Fresh from the Junior Hi School,  
Fresh is the name that fits you  
Fresh from mother's rule.

Freshies are oft considered  
Filled with sweet mush and sass.  
Maybe the folks have called you  
Fresh and green as grass.

Never you mind their teasing  
Never you mind your fate,  
If you work three years longer  
Honors will await.

## The Broadcaster

THIS is the third year in which the members of the Hershey Junior-Senior High School have participated in publishing the famous monthly school paper known as "The Broadcaster." "The Broadcaster" has been greatly improved compared with previous years. The student body and the Alumni have shown their appreciation by subscriptions, ads., and compliments given to the paper. We hope the future classes will continue to publish and succeed in having "The Broadcaster" as important and interesting as it proved to be this year.

Much credit for the success of our paper should be given to the staff as well as the student body, and especially to our faculty adviser, Miss Mary E. Clemens, whose patience has been unlimited, and who has been untiring in her efforts, to improve this publication.

## The Traffic Squad

THE Traffic Squad was organized this year in our high school under the supervision of the principal. The Senior Class was requested by the principal to observe general hall conditions and to offer suggestions. Many constructive plans were suggested and some of them incorporated into the final regulations for traffic.

The fundamental principles of the new regulations may be stated briefly as follows:

To eliminate:

- 1—Unnecessary interference,
- 2—Loud talking,
- 3—Running and pushing,
- 4—Lack of courtesy and consideration for others,
- 5—Enable classes to pass quickly and in single file at the direction and guidance of the Traffic Squad.

The Squad has proven a great benefit to the welfare of the school and we hope that it will continue to be so in future years.

## Forensic Club

HERSHEY High not only matches herself with other schools in athletic prowess, but also in matters of wit and skilful manipulation of words. Debating has become an important activity in our school, and, this year especially, much enthusiasm has been shown in the Ursinus College Inter-scholastic Debating League, of which our High School is a member. The members of Hershey High's affirmative team were Mae Graybill, Mary Zeigler, and Elvatz Elsarelli, alternate Martha Henry; the negative, Grace Lloyd, George Bohner and Louise Shay, alternate, Gladys Rhodes. "Resolved, that a high protective tariff as a permanent policy promotes the best interests of the United States," was the question for debate. Our teams work and study; they plan and prepare the speeches with which to baffle their opponents no matter who they are or how stiff an opposition they offer. It is the spirit of contest that bears us up, impels us to work and carries our team-mates to strive earnestly for hard earned victories.

The work of the Forensic Club is divided into debating, dramatics, elocution and public speaking. These activities are sponsored chiefly by Mr. Henninger, Mr. McCracken, and Miss Hartman.

## Hershey High School Lyceum Course

1927-1928

HERSHEY High School prides itself in annually bringing before the people of Hershey some of the best talent in Music, Public Speaking, and Educational Entertainment that can be obtained. The amount of good that these courses have accomplished for the community cannot be measured in terms of dollars and cents.

Our Supervising Principal, Prof. A. M. Hinkel, has sponsored these programs—much credit is due him for offering the community such entertainment.

## Athletics

THE term Athletics usually includes plays, games and contests under the direction of an instructor or coach. In the Hershey High School, the athletic activities have been confined principally to contests to the disregard of the more or less spontaneous games or the organized massed plays. This is not so much a reflection upon the procedure in administering Athletics in our school as it is a statement of the lack of facilities for athletics in the more comprehensive sense in the absence of a gymnasium to which all pupils have ready access. There has been, therefore, no opportunity to break away from orthodox practices long in vogue in secondary schools—practices which limit participation in athletic activities to the selected few.

It is greatly regretted that such a fine modern high school building like ours should have been constructed without provisions for a gymnasium. Beyond a doubt the pupils deprived of the advantages afforded by a gymnasium suffer an inestimable loss in educational and reactional values. It is conceded that children require play activities involving vigorous use of the large muscle groups to promote normal growth and development of the vital organs and systems of the body.

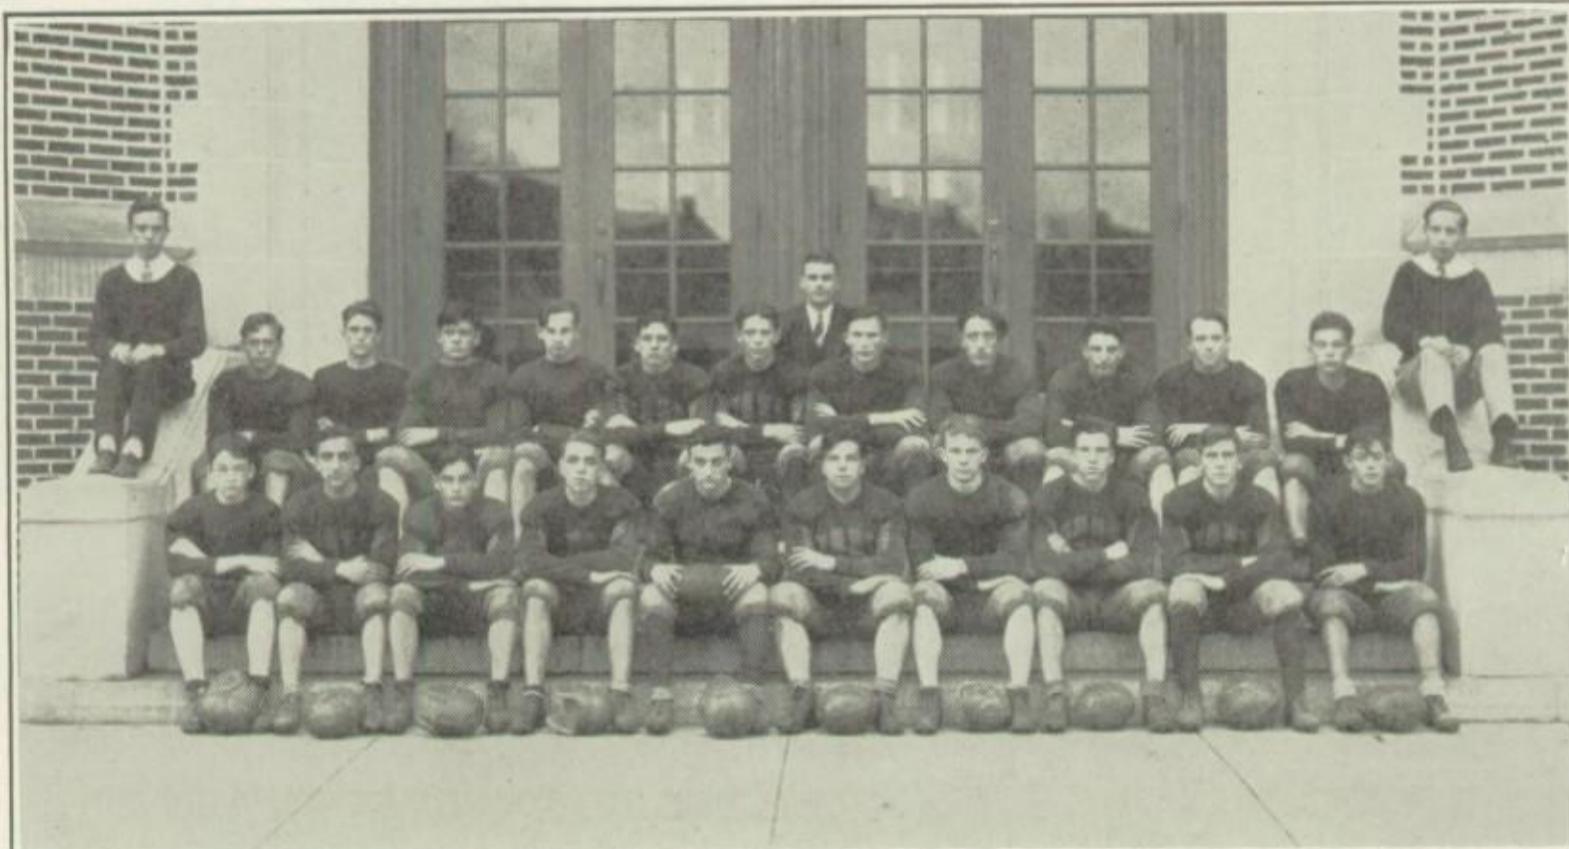

The character development which comes through mingling with other children is of the greatest importance—involving quick thinking, alertness, emotional control, to give and take on the floor of the gymnasium, learning fair play, consideration of the rights of others, good sportsmanship, and subordination of individual interests to group interests.

The major activities for the boys of the high school include Football, Basketball, Baseball and Track. The girls' contests are confined to Basketball and a limited amount of Track events. This year, however, Hockey became more popular with the girls and a clever team in this sport was developed.

The success of the various teams during the past year is manifest by the addition of three trophies to the number already placed on top of the book cases in the Library. These have been acquired respectively, one from the Lower Dauphin County Basketball League, one for Basketball Champions of Class B, District No. 3, P. I. A. A., and one for Baseball won from the High Schools of the Lower Dauphin County Baseball League.

Sportsmanship has been emphasized to the extent that the general situation in Athletics is cleaner and more wholesome than ever before in the history of the Derry Township Schools.

## Hershey High Football Warriors

THIS sturdy group of warriors has secured new laurels to Hershey High. We are proud of you! With the loss of six valuable men this squad was moulded into a hard fighting team by our most capable Coach Palmgren. The first big game was staged against Hummelstown; Hershey emerged victorious. The next three games proved unsuccessful. But the old fighting spirit returned when the big battle with Patton Trade was held. Patton Trade School, after defeating all its opponents and with the additional honor of holding the championship of Pennsylvania, received the surprise of their season by being trounced by Hershey High. This was their only defeat of the season. Hershey High again became victors. This same spirit was carried over to the Highspire game. Hershey High was again victorious. In the two final games Hershey was defeated by small margins.

Middletown and Hershey battled in their Thanksgiving melee on even terms and with Middletown on the short end, one of Middletown's fleet foots broke loose and put across the winning touch-down. It was a great game.

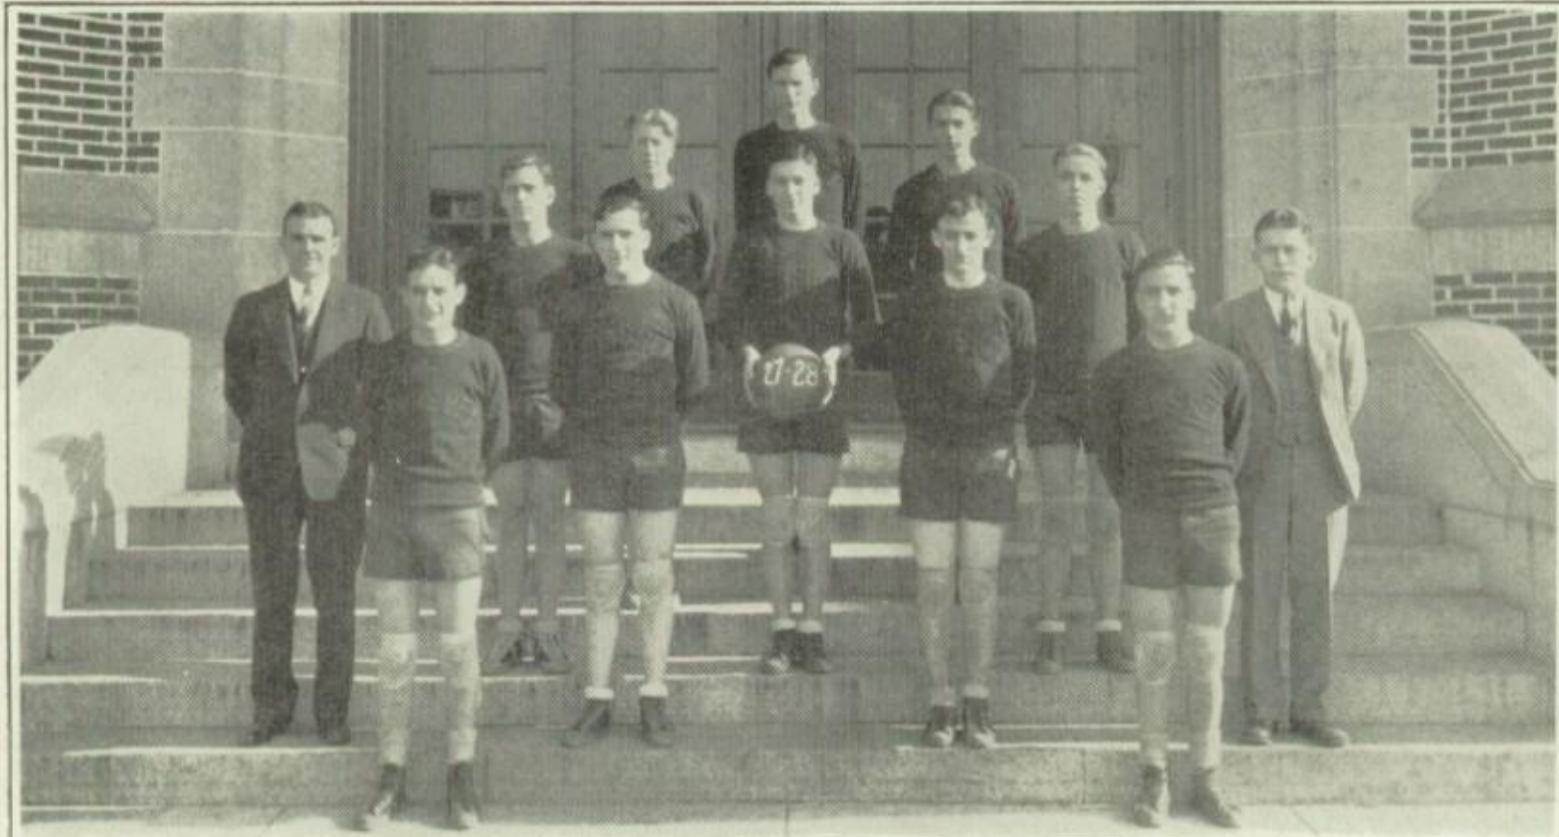

When the final whistle sounded on the Park Field last Thanksgiving, the greatest Football machine ever produced at Hershey High climaxed another successful season. Although the Blue and Orange split almost even in the number of games won and lost, all Hershey backers agree that the 1927 season will record the beginning of Hershey High's supremacy over its rivals. Against teams of very superior strength, the Blue and Orange fought with a "never say die" spirit that won the respect and admiration of its adversaries.

## Boys' Basket Ball Squad

HERSHEY has been very well represented in the sport world during the past year, and it may well be said in all fairness that the Basketball Squad has added a fitting climax by turning in a hitherto unsurpassed record. During the past season the Blue and Orange tossers added very strong teams to their schedule, the final results show that practically all the games were in favor of Hershey.

This in the fourth consecutive year, Hershey has won the championship of Lower Dauphin County. The Hershey High School record enabled them to enter two tournaments. The annual tournament held by the University of Pennsylvania in which they went into the last round during the season of 1926-1927 only to be defeated by the Catholic High School of Philadelphia and the Class B State Tournament which they won with ease during the same season. So ended the Basketball season in a blaze of glory. It proved one thing to Hershey backers: the five-man defense system and the method of training the players speak very well for the man who made such a season possible—Coach Palmgren.

## Girls' Basket Ball Squad

THE Girls' Basket Ball has taken a step forward in athletics this year. This year more enthusiasm was exemplified during the basket ball season than that of previous years by the girls. The community as a whole was cooperative and banner crowds attended our basket ball games. The girls played hard and fought games with their whole heart and soul. They are to be congratulated. The team was composed of all letter girls, with the exception of one. Miss Shuster, the coach, was a vital factor in spurring the girls on to victory and by her coaching has greatly improved the Girls' Basket Ball Team over past years.

## Girls' Hockey

THIS is the second year Hershey High has participated in Girls' Hockey. The girls are becoming more enthusiastic in this activity, as shown in the number of girls that turn out for practice. They are becoming more skilled in making their goals, and are putting more pep into their games. With the support of the school we know they will become more successful in the future. We wish you success in all your efforts.

## Lower Dauphin County Champions

HERSHEY High School carries its success to the great national outdoor sport of baseball. Starting the season with a nucleus of seasoned players the baseball team was soon whipped into shape.

Hershey opened its season by defeating last year's champs, 5-4. The rest of the season found Hershey duplicating its opener and only met defeat in one of eleven starts.

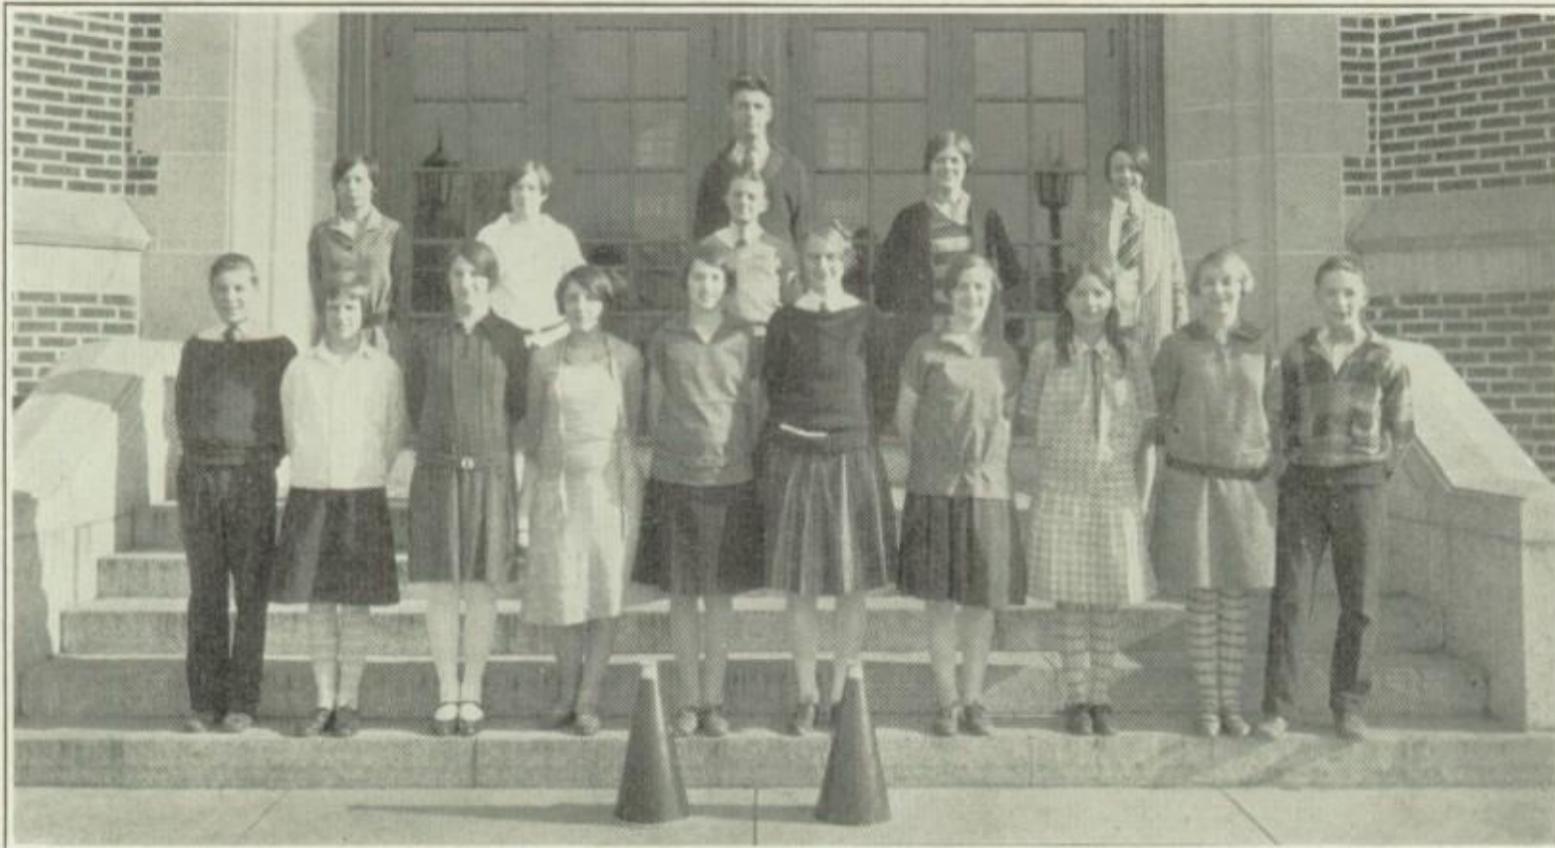

After receiving a defeat at the hands of Highspire—Hershey avenges herself by lacing them 7-0 in the last game of the season.

## Pep Club

ORGANIZED cheer leading was introduced as a new project in our school under the capable coaching of Miss Figner. Through systematic cheering the teams have been spurred on to victory and it has also been a great means for developing more school spirit in the general assembly programs. Hoping that this idea will be carried on in future years and continue to develop a good school spirit.

## Last Pill and Pepsodent

KNOW all men by these presents: That we, the class of 1928 of the Hershey High School in the Town of Hershey, of the County of Dauphin, of the State of Pennsylvania, being about to expire from this cruel world of study, to depart to regions of business or the realm of college life, being in possession of all our faculties and in a charitable store of mind do make, publish, and declare this instrument to be our last will and testament.

To the Board of Education we leave our thanks and appreciation for their kindness to us during our four years of High School.

We extend to the faculty, having acquired a vast amount of knowledge of which we have no intention of leaving behind, our sincere vote of thanks.

We leave behind fondest memory of days spent in H. H. S.; on blessings and on forgiveness for anything that we may not have exactly appreciated in the demonstration of the past, and a pledge of friendship and loyalty from henceforth and forever.

The class wills to Miss Clemens their deepest appreciation for her untiring efforts which have produced our "CHOCLATIER." May you have all the wealth and happiness you deserve.

We name the class of '29 our legal and rightful successor, we bequeath to them the following:

The Senior seats in Rooms 222 and 220. Do not mar the desks. Our senior dignity, may you uphold it as befitting Seniors.

To our sister class of '30 we bequeath our ability to get good grades.

To the Virgin Freshmen, we bequeath our ability to appear wise.

To the future debators, we will our power of research and ability to make a long speech out of the best possible material. We will you this on condition that you win as many debates as we have won.

To Samuel Polk we will Elvatz Elsarelli's oratorical ability.

# The CHOCLATIER

To John Gish we will "Bill" Landis' athletic prowess.  
To Gladys Rhodes we will Catharine Strohm's height.  
To Edward Swartz, Richard Arnold's sense of humor.  
To Clarence Hoover we will "Joe" Rice's recipes for "moonshine."  
To Hugh Baker we will Mae Graybill's ability to concentrate upon the subject at hand.  
We will Mary Aungst's musical ability to Herbert Harkins, may he use it as extensively as Mary has!  
To Elda Hutchison is willed Sylvia Saufley's sunshiny disposition.  
To George Zimmerman we will Luther Hinkel's complete line of bluff with the hope that he will get away with it as well as "Luke" did (not).  
To Wellford Owen is willed Edwin Hershey's kid curlers and electric maneuvers in the hope that permanent waves will become more and more popular among the masculine sex.  
Grace Lloyd's numerous love letters are bequeathed to Alice Reilly, that together with Alice's they may be bound and placed in the library for reference work.  
To Ruth Taylor we bequeath Mildred Edward's dancing ability.  
We will Marjorie Reese's over abundance of conversational ability to Elizabeth Bomgardner.  
We will Helen Schmidt's "hash slinging" ability to Ruth Tinney.  
We will Marlin Balsbaugh's presidential competency to his lucky successor.  
We will Louise Shay's driving ability to Mildred Runkel.  
Margaret Sensor's willingness and efficiency is bequeathed to Edward Swartz.  
Bertha Cassel's ability as a professional celloist has been bequeathed upon Roy Long.  
Robert Howard's knowledge of the chicken farming is willed to Clarence Hoover.  
And we hereby appoint Santa Claus sole guardian and trustee of our infant children, the Eleventh, the Tenth and Ninth years.

In testimony whereof we have hereunto set our hands and seal, this 1st day of March, in the year of our Lord One Thousand, Nine Hundred Twenty Eight.

Signed, sealed, published and declared by the above-named Class of 1928, as and for its last Pill and Pepsodent in the presence of us, who have here unto subscribed our names at their request as witnesses thereto in the presence of the said testator, and of each other.

CLASS SONG "28"

Words by Mary E. Clemens

Music by Louise Shay

The musical score consists of six staves of music. The first three staves represent the upper voices (Soprano, Alto, and Tenor/Bass), and the last three staves represent the lower voices (Cello/Bass, Double Bass, and a lower vocal line). The music is in common time, with a key signature of one flat. The lyrics are integrated into the musical lines, with some lines appearing above the staff and others below. The score is framed by decorative scrollwork at the top and bottom.

Was there ev - er a class more loy - al and great Than this  
Ere we leave these dear halls we love so well And to

Won - der - ful Class of Twenty-eight To be fine is our aim in  
Those who are left bid fond farewell Let us give of our spirit of

Work and in play So we sing our song on this fes - tal day  
Strength and might So that all may hon - or the red and white

Chorus.

Come let us sing Class of Twenty - eight Sing out our song Pledge our -

Selves to fate Firm by our school and class - mates stand Where -

E 'er we go through out the day.

# The CHOCLATIER

As the Trans-Continental Limited slowly moved its ponderous bulk with a slow grinding of wheels away from the station, passengers sought more comfortable positions for the journey which lay before them. Some were deeply engrossed in books and magazines; others were gazing listlessly out of the train window at the exquisite scenery which was unfolding before their eyes as the "iron horse" sped onward on its journey.

As the train was gaining speed after leaving Broadway Station, Lawyer Hershey stumbled into the coach loaded down with important looking texts and two bulging brief cases. After finding a comfortable seat he became lost in one of his official volumes. It was known that Lawyer Hershey had been summoned to California to give some very important evidence in connection with several legal controversies which had gained nationwide publicity.

The conductor, a man of great avoirdupois and wearing a broad grin on his countenance, stopped by Hershey's chair. A vicious pull at his unruly locks brought "Strap" to his feet.

"What th— Well, if it isn't "Windy" Howard, I thought you would be making your millions in the poultry business by this time."

"Oh, I've held four or five different positions since I was engaged in that type of work. I've finally decided that a conductor has the least to do."

"Say did you hear that Paul Clark has made quite a name for himself as a poet. His last writing 'Why Poets Go Insane' has made quite a hit."

"I always knew that Paul had the makings of a poet. Have you read this morning's "Hollywood Horror?"

Upon being answered in the negative, he picked up the paper and read: "Miss Grace Lloyd, stellar actress in the latest production, "Ashes of Dreams," is seeking a divorce from her husband, Sam Zarfass, who she alleges has been untrue to her."

"Well," said "Windy," "I always did think Grace had a mind of her own."

The train was now passing through a suburb of Pittsburgh and as it was slowing down I noticed that a curious looking group of people were gathered around the station. As I observed more closely, I discerned the object of their attention. A dilapidated Ford bearing a sign which read: "Arnold's Medicine Show was in the midst of this group, and on a rudely built platform stood "Diz" Arnold himself loudly expostulating on the unusual qualities of his medicine—and then I knew that "Diz" was still trying to feed that "line" to everyone he meets.

The train was now stopping at the Union Station in Pittsburgh and I noticed a very distinguished looking man coming through the car. I was more than surprised to see another classmate Elvatz Elsarelli. He was going to deliver a series of lectures in Pittsburgh.

The conductor told me that the train was forced to lay over several hours and I decided to go sightseeing. Strolling down Franklin Avenue I noticed a familiar figure trimming the window of a millinery shop and it was no one else but Catherine Strohm. Upon a little further investigation I discovered that she was getting along very nicely with the assistance of Blanche Sell.

As I continued my ramble I noticed a sign board reading "Hinkel and Son's Bakery." I had to take a minute to run in and see whether this might be my old friend "Luke" and sure enough I was delighted to have a short chat with him and yet another surprise was in store for me when a rear door opened and in walked his wife Louise Shay, who was now a graduate of Peabody and said that she was organist in one of the churches.

Well I had to move along but as I neared the station I noticed two more familiar looking figures and there was Miriam and Alberta Hoerner. They were employed in the Railroad President's Office as stenographers.

Upon entering the Union Station I walked over to the information bureau and there heard someone say, "Well! Well!" and sure enough there was another of my classmates, Fannie Graybill.

It was just about time to return to the train and as I moved through the car to my seat my attention was drawn to two young ladies who were busily engaged in a heated argument. I listened for a minute,—thought I recognized the voices and once more I saw two of my former associates Clara Hess and Helen Menicheschi. They were on their way to Chicago to a large convention where the old question was still being argued, "Rights of Women."

# The CHOCOLATIER

As the train was moving along to our next stop Chicago, and, beginning to feel a bit tired of travelling, I nestled down in the seat for a good rest. I had seen a number of my old classmates and it brought to my mind some of the good old days back in Hershey High. Memories had been awakened and once more I longed to get a glimpse of those halls. As I was gazing dreamily out of the window enjoying the beautiful scenery I became conscious of strains of music from the rear of the coach. I thought I remembered that melody—why yes, it was my "Alma Mater." I turned and there was Marjorie Reese, Columbine Bilotta and "Millie" Edwards with their ukeleles. They were booked to give a vaudeville act in some of the prominent theatres in Chicago.

I finally arrived in Chicago and again having a short wait I decided to promenade. Down through the Station came a porter in such a rush that I was unable to step aside and after the first excitement of being jostled about and having time to collect my thoughts I heard some one say, "I beg your pardon." Well I shall never forget that surprise of once more seeing Richard Black.

As I left the station I heard someone yelling "Taxi." And there at a freshly painted cab stood Victor Tinney eagerly awaiting his next passenger. He was delighted to see me again and said that he would be very glad to give me a short ride through the business sections of the city.

Passing one of the big theatres he said, "Did you notice that—special attraction Mary Aungst in a violin recital?"

Down the street a little further we passed the "Y." There was the name of another classmate flashed in big letters "MARLIN BALSBAUGH." The sign read "Big Game On Tonight—"Bally" has a strong Team."

On our way back to the station "Vic" told me that several more of our classmates had come to Chicago,—Mary and Mae Graybill, are accomplishing a great piece of work in the splendid manner in which they have organized the City Library. And yet another Violet Lauderlich Head of the Commercial Department in the City Schools.

Once again I am back on the train speeding toward San Francisco. Once again my mind turns back to dear old Hershey High. It is remarkable to have met so many of my classmates within the last day or two maybe I may yet have the pleasure of meeting some more of them. At last I am in California passing by the orange groves. And suddenly—Yes, I was not mistaken, I read a big sign "Mildred Swope Espenshade's Orange Groves." Later I was told that Mildred is now married and with several little kiddies is indeed very happy.

Here I am at last at the Golden Gate. And again I am privileged to see another one of my friends. Donald Cassady is ably filling a comedian's position.

On my way down to the boat on a tour to Europe I passed a bank and discovering that my funds were low I stopped in at the bank to get a Traveler's Check cashed. A young lady came to the window and in a very courteous manner got me my money and as I turned to leave I remembered. Why yes—another member of the class of '28—Verna Oberholtzer.

I now sauntered down to the boat as it was nearing the time to leave. While I gazed over the crowd of people who were to be my fellow passengers, I noticed a lady quarrelling with her husband. She was evidently displeased. Two small children accompanied them, as she turned and shook her finger threateningly at him I was astounded to see Martha Henry. Well! She still hasn't lost her temper.

The passengers began filing on the boat and as I began to ascend the gang plank, a sleepy looking chap who wanted to carry some one's luggage, came to relieve me. He looked up and there stood "Ed" Rice all arrayed in uniform, his cap on the one side of his head and chewing gum at an awful rate.

The ship was now well on its way and I proceeded to make myself as comfortable as possible. I got a deck chair and after a short time was perusing the contents of an interesting magazine. I became conscious of a young lady beside me and heard a voice exclaim "How interesting to know that I am going to have a companion to talk to during this long trip. Yes—there was Zelma Nye on her way to Paris to pursue her course in Beauty Culture.

Among the other passengers on the boat I found the "Brandt Trio" Mary and Beulah with Bertha Cassel, cellist. They were on a concert tour to Europe.

Several days later I found, myself in the dining room of a popular cafe of Paris while looking over the menu, a familiar strain of laughter reached my ears and as my eyes roamed over the crowd I found the source of this unconstrained laughter in the person of "Schmidty" and Alma Gerlach. They had become expert waitresses and with their trays fairly danced across the floor.

As I was leaving the cafe I happened to pass the congenial manager Mr. Victor Ulrich who was very much pleased to see his old school mate.

In the lobby of the hotel I picked up a paper and the first thing I read was "Nurse Touring Europe for Health." And I found none other than Edith Bacastow. I read further another line attracted my attention "Letter Man of Hershey Team Now a Professional Basket Ball Player"—Glenn Stover.

Walking over to the check girls I found two more of my '28 friends, Louise Heisey and Sylvia Sauffley and back there at the typewriter was another, Ruth Detweiler. One of the hotel clerks inquired about a suitcase that had been lost and sure enough it was Galen Aucker.

As I reached the elevator, a smiling face greeted me and Denver Herr very politely ushered me to my room.

Sitting in the lobby of the hotel the following day two other tourists came in for reservations. It was Margaret Sensor and Mary Strimble. We were very glad to see each other once again. Mary said, "Have you heard about our old friends Masimer and Landis?" They have become quite famous for their flying expeditions in their plane "Spirit of Palmdale." They also told me that Russell Hosler who entered our class in the Senior year had become a noted chemist in the Hershey Chocolate Company.

Well, my travels are ended and I am once more back at Hershey, Pennsylvania. It was very interesting to have seen all my classmates.

# The CHOCLATIER

17—Seniors get their pictures taken. We feel sorry for Mr. Leiby's camera.

18—We are glad that Sunday only comes once a week.

19—Restless spirit prevails in classrooms—Xmas Holidays are near.

20—Assembly—Seniors late.

21—Big Senior Party in the Dutch Grill at Hershey Cafe.

22—Seniors sleepy, lessons unprepared. Too much party.—Exciting game at Lebanon—Hershey won 52-42.

23—Christmas program marks beginning of Holiday season Game at Sunbury.

24—Nothing much except purchasing eleventh hour Xmas Gifts.

25—Merry Xmas—Hope Santa was good to you!

26—We are admiring our Christmas Gifts today.

27—31—Xmas vacation—good eats—entertainment galore.

**Jan.** 1—We, the Senior Class wish you all a Happy and Prosperous New Year.—Many good resolutions are made.

2—Everybody begins breaking resolutions.

3—Back from a long vacation ready for work.

4—Diarist as busy as ever.—"Look out."

5—Our Supervising Principal Prof. A. M. Hinkel gives a talk to the students on "Opportunities."

6—Third number of Lyceum Course—Dietric and Company—Something New.—Myerstown defeated.

7—Here comes Elizabethtown to play our boys a game of basketball, and the laurels again go to us with a score of 61-40.

8—Sunday. Oh, for something exciting to happen.

9—Marlin "What do the Freshmen do with their weak-ends?"  
Diz—"Put their hats on them."

10—Assembly this morning—nothing exciting.

11—"Eddie" said he would like to be a millionaire. Well, "Eddie" you have the air but not the million.

12—Don't forget that this is Leap Year.

13—Unlucky 13th proves lucky. We win from Hagerstown in fast game 48-24.

14—Big fight in Hershey, Luther Hinkel licks five stamps. We play Oberlin. Again we are victorious 63-28.

15—Don't know nuthin' that happened. Do you?

16—Year Book Drive begins.

17—Seniors give play "The Florist Shop." It was a great success.

18—Seniors are guests of Home Rooms to urge pupils for subscriptions. Debating Try-outs.

19—Orations given in Assembly.

20—"The Choclatier Drive" ended. We went over the top. The Senior Class thanks each one who helped make it a success.

21—Grace is anxiously looking for a letter from—???? Defeated Carlisle here—Big game. 46-34.

21—A Senior boy was heard to say:  
"To the movies I am going,  
For I know that she'll be there,  
And while the pictures they are showing  
I'll hold her hand so fair."

22—Sunday comes once a week  
And then we have no class.  
So a comfy chair we'll seek,  
And let the hours pass.

23—Another blue Monday, the week-end was too strenuous for the welfare of the classes.

24—Rain! Rain! Rain! Who said the country had gone dry. Blues! Blues! Fashion Show. Fine, we enjoyed it.

25—A big hop in the Women's Club. A peach of a floor and oh! the orchestra was great.

26—Seniors still tired, sleepy, stiff, flunk in classes, but Oh, Gee! it was some dance.

28—Susquehanna boys entertained at Hershey—we defeated them score 49-28.

29—Very cold today. Everyone remains inside. Roads drifted.

30—The beginning of a new week, everybody looking forward to the end.

31—Hard luck reigns supreme. For instance???? Examinations tomorrow.

**Feb.** 1—Exams.—We've settled down; not even the clock makes a sound.

2—More Exams.—And still more exams.

3—This is the last day for exams. Thank heavens!

4—We journeyed to Lititz—Defeated them with a score of 50-20.

5—Did you go to Church today?

6—"Smiling Bob" Briggs entertains us royally.

7—We take our first crack at Trigonometry.

8—Strap and Tinney get the gate in Physics Class.

9—Timely warning—Short Stories due Tuesday, Februray 14th.

10—To Carlisle our boys wander—we are defeated.

10—Big motor trip to Hagerstown, Md. No not marriage.

11—Basketball—Hershey brings home the bacon from Hagerstown—44-28.

12—Lincoln's Birthday but no celebration.

13—Marks! Marks! Marks! Disappointments and elations. Sighs and groans re-echo through classrooms.

14—St. Valentine's Day. Hearts is trump.

15—Rah! Rah! Rah! Another victory for the Blue and Orange—Our boys defeated Oberlin today by a score of 53-16 at Oberlin. Girls lost.

16—Debaters keeping late hours working intensively on debate.

17—The autograph album has risen to first place in prominence.

18—A hard fight for victory in the game tonight. Our boys battle against Pottsville. Rah! Game over, we won. Score 50-38. Some game.

19—Sunday—Nothing to do but add up the Basketball Victories and read the "Funnies."

20—"Andy" Henry has a tooth pulled. "Miserere mei," says "Andy."

21—Stampede among the "Selected few."

22—Washington's Birthday—We work in the store today. Chop down Sale.

23—Hershey Debaters meet Middletown in big Tariff Issue. Hershey is victorious. Rah! Rah!

24—Coach Palmgren with his Basketball proteges leaves for Philadelphia to participate in the Eighth Interscholastic Basketball Tournament. 9A-Room 124 puts on a fine George Washington Program.

25—Our Boys play at the Palestra-University of Pennsylvania at 12 o'clock noon against Haverford. We are victorious 53-23.

26—Day of rest.—Coach broke all dates at 9:30 P.M.

27—Varsity Play in Philadelphia at 2 o'clock against Hoosic Falls, N. Y. Varsity Team—We carry off the laurels 49-23.

28—Regular assembly—we cheer lustily for the success of the team.

29—Snow swiftly passing. Everyone catching Spring Fever.

**Mar.** 1—March came in like the Seniors, very brisk.

## Greetings from the Alumni Association

THE members of the Hershey High School Alumni Association through the pages of THE CHOCLATIER desire to congratulate the Student Body of the Hershey High School on the very excellent work they are doing scholastically as well as athletically.

The value of an education is more fully realized with the passing years. All too soon your school days end and you stand face to face with the most relentless of all teachers—*Experience*, and then only do you realize how little you know and how many opportunities you have wasted.

With the realization of what the Public Schools mean to the coming generations, we as Alumni, not only of this school, but of all schools throughout the country, can in a great measure, lend our aid to keep the School System up to the highest possible standard by exercising our right of franchise and putting into office such men as have the best interests of the School and Country at heart, and not men who are looking for notoriety and personal gain.

In behalf of the Alumni Association, with the powers vested in my office as president, I pledge you the hearty cooperation of the Association toward maintaining the high ideals for which the High School has stood since its organization

JOKES

## Jokes

"Laugh at every man's jokes, tell none of your own, believe all the fish stories you hear, don't snore, pay cash, and you'll be fairly popular."

ELVATZ—"If 32° is the freezing point, what is the squeezing point?"

MILDRED SWOPE—"Two in the shade, I suppose. But I'm no thermometer."

MR. SHIRK—"Some terrible things can be caught from kissing."

JOHN SHAY—"That's the truth. You ought to see some of the poor fish my sister caught that way."

MR. LEATHERMAN—"What is density?"

"STRAP" HERSHEY—"I can't define it, but I can give an illustration."

MR. LEATHERMAN—"The illustration is very good. Sit down."

### PROGRESS

FRESHMAN—"Please, may I be excused?"

SOPHOMORE—"May I be excused?"

JUNIOR—"Can I go out?"

SENIOR—Walks out.

SAM—"I'm twenty-one today, and I can vote."

GRACE—"No, you can't."

SAM—"Why not?"

GRACE—"There's no election."

### CASSIDY'S MEDIATIORE ON HIS LEAPING LENA

The Ford is my master; I shall not live in peace. It maketh me to lie down in both mud and dust; it leadeth me in the paths of grease.

It restoreth my license dues; it leadeth me in the paths of shame and disgrace for it's name's sake.

Yea, though I go through the dark shadows of the night, I know thou art with me; the jolting of the springs maketh me to ache.

Thou preparest a string of bills in the presence of mine creditors; thou anointest my head with oil; my wrath runneth over.

Surely, if this thing follows me all the days of my life, I will dwell in the house of the insane forever.

MISS CLEMENS TO EDDIE—"Always think twice before you say a thing, then say it to yourself."

BALLY—"How do you find her—stubborn as a rule?"

"STRAP"—"No, as a mule."

# The CHOCLATIER

LUTHER—"Last night I had a fall which rendered me unconscious for six hours."

ZELMA—"Really? Where did you fall?"

LUTHER—"I fell asleep."

If she seems cold at first, brace up. Chills are often followed by fires.

MIRIAM HOERNER—"One of my ancestors came over on the Mayflower."

DENVER—"Oh really? How long is she going to stay?"

MARTHA HENRY—"But surely you didn't look for the escaping gas with a match?"

CLARA HESS—"Oh, but this was a safety match!"

MISS MYERS—"How are you getting on with the typewriter?"

"ED" RICE—"Fine, I can make twenty mistakes a minute now."

## A BOOKLOVER

The booklover went to the bad place. "I'm very fond of Burns," he told Satan. He was cast into the fire. Satan remarked coolly, "You won't want to stay in there Longfellow. You're Browning now, and before long you'll be Milton."

MARY BRANDT—"Do your shoes hurt?"

MIRIAM HOERNER—"No, but my feet do."

Taint no use of eating, causes pain,  
Taint no use of loving, taint no gain,  
Taint no use of kissing, he'll tell,  
Taint no use of nothing, Oh—Well.

# FINE SILK HOSIERY

## PLAYING AN IMPORTANT PART IN THE ROLE OF FASHIONS

ONE of the most important features in the selection of fashion's necessities to keep in step with the newest modes of the day is the choosing of quality silk hose in colorings that pleasingly blend with the costume.

Hosiery fashions today have developed many new ideas in the way of styling, reinforced parts that stand the wear, shown in every conceivable color approved by fashion, using finest quality materials in the manufacture to insure to their every user that correctness of style and satisfaction.

This big live shopping center specializes in quality hosiery such as the famous Kayser Marvel Stripe and Slipper Heel, all silk. Also the popular Gordon V-line Chiffon, or the Gordon Square heel, service weight, silk to the welt. The Favorite No Mend Silk Hosiery for style and service we recommend as a popular price all silk hose.

*You will always be in step with fashion's newest ideas by making your hosiery selections here.*
